This includes any device that may be connected to or used to connect to the school division's network or electronically stored division material.

All use of the division's computer system must be (1) in support of education and/or research, or (2) for legitimate division business. Use of the computer system is a privilege, not a right. Inappropriate use may result in cancellation of those privileges, disciplinary action, and/or legal action. Any communication or material generated using the computer system, including electronic mail, social media posts, instant or text messages, tweets, and other files, including communications and materials deleted from a user's account, may be monitored, read, and/or archived by division staff.

This policy applies to all users of the division's computer system. By using or accessing the computer system, the user agrees to abide by this policy and the Technology Use Guidelines established by the superintendent.

The superintendent is responsible for establishing Technology Use Guidelines, containing the appropriate uses, ethics and protocols for use of the computer system. The superintendent is also responsible for reviewing and updating, as necessary, the Guidelines at least every two years. It is the user's responsibility to know and follow this policy and the Technology Use Guidelines.

The Guidelines include:

(2) provisions, including the selection and operation of a technology protection measure for the division's computers having internet access to filter or block internet access through such computers, that seek to prevent access to: a. child pornography as set out in Va. Code § 18.2-374.1:1 or as defined in 18 U.S.C. § 2256; b. obscenity as defined by Va. Code § 18.2-372 or 18 U.S.C. § 1460; and c. material that the school division deems to be harmful to juveniles as defined in Va. Code § 18.2-390, material that is harmful to minors as File: GAB/IIBEA Page 2 © 5/23 VSBA ALLEGHANY HIGHLANDS PUBLIC SCHOOLS defined in 47 U.S.C. § 254(h)(7)(G), and material that is otherwise inappropriate for minors;

(3) provisions establishing that the technology protection measure is enforced during any use of the division's computers;

(4) provisions establishing that all usage of the computer system may be monitored;

(5) provisions designed to educate students and employees about appropriate online behavior, including interacting with students and other individuals on social networking websites, blogs, in chat rooms, and cyberbullying awareness and response;

(6) provisions designed to prevent unauthorized online access by minors, including "hacking" and other unlawful online activities;

- (7) provisions requiring every user to protect the security of information necessary to access the computer system, such as usernames and passwords, and prohibiting the sharing of passwords;
- (8) provisions prohibiting the unauthorized disclosure, use, and dissemination of photographs and/or personal information of or regarding minors; and
- (9) a component of internet safety for students that is integrated in the division's instructional program.

Use of the school division's computer system must be consistent with the educational or instructional mission or administrative function of the division as well as the varied instructional needs, learning styles, abilities and developmental levels of students.

The division's computer system is not a public forum.

Users of the division's computer system have no expectation of privacy for use of the division's resources or electronic devices including non-division owned devices while connected to division networks or computer resources.

Software and/or services may not be installed or downloaded on the division's computer system without the prior approval of the superintendent or superintendent's designee.

No employee or agent of the School Board or person or entity contracting with the School Board may download or use any application, including TikTok or WeChat, or access any website developed by ByteDance Ltd. or Tencent Holdings Ltd. (i) on any device or equipment issued, owned, or leased by the School Board, including mobile phones, desktop computers, laptop computers, tablets, or other devices capable of connecting to the Internet.

The failure of any user to follow the terms of this policy or the Technology Use Guidelines may result in loss of computer system privileges, disciplinary action, and/or appropriate legal action. Users of the system agree to indemnify the School Board for any losses, costs, or damages relating to or arising out of any violation of this policy or the Technology Use Guidelines.

The School Board is not responsible for any information that may be lost, damaged or unavailable when using the computer system or for any information retrieved via the internet. Furthermore, the School Board is not responsible for any unauthorized charges or fees resulting from access to the computer system.

REGULATIONS ON THE ADMINISTERING OF MEDICINES TO STUDENTS

- A. No pupil shall be given prescription medication(s)/treatment(s) at school except upon the written request from a licensed health care provider who has responsibility for the medication management of the pupil. All such requests must be signed by the parent or guardian. Medication/treatments must be brought to school by a parent/guardian. Medications must be in the original container.
- B. Over-the-counter medication(s) can be given to pupils only if the parent/guardian provides signed permission which shall include the name of the medication, the required dosage of the medication, and the time the medicine is to be given. The medication must be in the original container and delivered by the parent/guardian to the school administration, school nurse, and/or the school division designee.

II. Responsibility of the Parent or Guardian

Parents/Guardians must deliver any medication as outlined above in Part I.B. Parents/Guardians must pick up any unused medication by the close of the school year.
- C. Parents or guardians must personally deliver any medication/treatment to the school.

III. Responsibility of the Health Care Provider

- A. A request form for each prescribed medication/treatment must be completed by the pupil's health care provider, signed by the parent or guardian, and filed with the school nurse/designee.

- C. Teachers are not required to provide treatments on field trips. A meeting may be needed to determine the most appropriate way to meet the student's needs during the time away from the school building. Parents should always be encouraged to attend and assume the child's care. When this is not possible, other options are to be explored.
- D. Field trip medications that will not be administered by the nurse/designee can be administered by the teacher if:
 - 1. Signed health care provider's orders are on file at the school giving permission for the school to administer the medication.
 - 2. School nurse/designee arranges the field trip medication dosages. The needed medication will be properly labeled in an envelope or pharmacy container and will be given to the student's teacher the morning of the field trip. ADMISSION OF HOMELESS CHILDREN

The Alleghany Highlands School Board is committed to educating homeless children and youth. Homeless children and youth are not stigmatized or segregated on the basis of their status as homeless. The school division coordinates the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

The Alleghany Highlands School Division serves each homeless student according to the student's best interest and will

- continue the student's education in the school of origin for the duration of homelessness o if the student becomes homeless between academic years or during an academic year; or o for the remainder of the academic year, if the student becomes permanently housed during an academic year; or
- enroll the student in any public school that nonhomeless students who live in the attendance area in which the student is actually living are eligible to attend. In determining the best interest of a homeless student, the Alleghany Highlands School Board
 - presumes that keeping the student in the school of origin is in the student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or (in the case of an unaccompanied youth) the youth;
 - considers student-centered factors related to the student's best interest, including factors related to the impact of mobility on achievement, education, health and safety of homeless students, giving priority to the request of the student's parent or guardian or (in the case of an unaccompanied youth) the youth;
 - if, after conducting the best interest determination based on consideration of the presumption and the student-centered factors above, the Alleghany Highlands school division determines that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provides the student's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian or unaccompanied youth, including information regarding the right to appeal; and
 - in the case of an unaccompanied youth, ensures that the division homeless liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth and provides notice to such youth of the right to appeal.

Enrollment

The school selected in accordance with this policy immediately enrolls the homeless student, even if the student

- is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency or other documentation; or
- has missed application or enrollment deadlines during any period of homelessness.

The enrolling school immediately contacts the school last attended by the student to obtain relevant academic and other records.

If the student needs to obtain immunizations or other required health records, the enrolling school immediately refers the parent or guardian of the student or, (in the case of an unaccompanied youth) the youth, to the division's homeless liaison, who assists in obtaining necessary immunizations or screenings, or immunization or other required health records.

If the documentation regarding the comprehensive physical examination required by Policy JHCA Physical Examinations of Students cannot be furnished for a homeless child or youth, and the person seeking to enroll the pupil furnishes to the school division an affidavit stating that the documentation cannot be provided because of the homelessness of the child or youth and also indicating that, to the best of the person's knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division immediately refers the student to the division's homeless liaison who, as soon as practicable, assists in obtaining the necessary physical examination by the county or city health department or other clinic or physician's office and immediately admits the pupil to school.

The decision regarding placement is made regardless of whether the student lives with the homeless parents or has been temporarily placed elsewhere.

Enrollment Disputes

If a dispute arises over eligibility, or school selection or enrollment in a school

the homeless student is immediately enrolled in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals;

the parent or guardian of the student or (in the case of an unaccompanied youth) the youth is provided with a written explanation of any decisions related to school selection or enrollment made by the school, the school division or the Virginia Department of Education, including the rights of the parent, guardian or student to appeal the decision;

the student, parent or guardian is referred to the division's homeless liaison who carries out the appeal process as expeditiously as possible after receiving notice of the dispute; and

in the case of an unaccompanied youth, the homeless liaison ensures that the youth is immediately enrolled in the school in which the youth seeks enrollment pending resolution of the dispute.

Appeal Process

Oral Complaint

In the event that an unaccompanied student or the parent or guardian of a student (hereinafter referred to as the Complainant) disagrees with a school's decision regarding the student's eligibility to attend the school, the Complainant shall orally present the Complainant's position to the division's homeless liaison.

Written Complaint

If the disagreement is not resolved within five (5) school days, the Complainant may present a written complaint to the homeless liaison. The written complaint must include the following information: the date the complaint is given to the homeless liaison; a summary of the events surrounding the dispute; the name(s) of the school division personnel involved in the enrollment decision; and the result of the presentation of the oral complaint to the homeless liaison.

Within five (5) school days after receiving the written complaint, the homeless liaison will reach a decision regarding the contested enrollment and shall provide a written statement of that decision, including the reasons therefore, to the Complainant. The liaison will inform the Superintendent of the formal complaint and its resolution.

Appeal to Superintendent

If the Complainant is not satisfied with the written decision of the homeless liaison, the Complainant may appeal that decision to the Superintendent by filing a written appeal. The homeless liaison shall ensure that the Superintendent receives copies of the written complaint and the response thereto. The Superintendent or designee shall schedule a conference with the Complainant to discuss the complaint. Within five (5) school days of receiving the written appeal, the Superintendent, or designee, shall provide a written decision to the Complainant including a statement of the reasons therefore.

Comparable Services

Each homeless student is provided services comparable to services offered to other students in the school attended by the homeless student including the following:

transportation services;

educational services for which the student meets the eligibility criteria, such as services provided under Title I, educational programs for children with disabilities and educational programs for English learners;

programs in career and technical education;

programs for gifted and talented students; and

school nutrition programs.

Transportation

At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation is provided for a homeless student to and from the school of origin as follows:

if the homeless child or youth continues to live in the area served by the division in which the school of origin is located, the child's or youth's transportation to and from the school of origin is provided or arranged by the division in which the school of origin is located.

if the homeless child's or youth's living arrangements in the area served by the division in which the school of origin is located terminate and the child or youth, though continuing the student's education in the school of origin, begins living in an area served by another division, the division of origin and the division in which the homeless child or

youth is living must agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin. If the divisions are unable to agree upon such method, the responsibility and costs for transportation are shared equally.

ADVANCED / ALTERNATIVE COURSES FOR CREDIT

Allegheny Highlands School Board has an agreement for postsecondary degree attainment with a community college in the Commonwealth specifying the options for students to complete an associate's degree or a one-year Uniform Certificate of General Studies from the community college concurrent with a high school diploma. The agreement will specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

Allegheny Highlands School Board may enter into agreements for postsecondary credential, certification or license attainment with community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 of the Code of Virginia that offer a career and technical education curriculum. Such agreements shall specify (i) the options for students to take courses as part of the career and technical education curriculum that lead to an industry-recognized credential, certification or license concurrent with a high school diploma and (ii) the credentials, certifications or licenses available for such courses.

Beginning in the middle school years, students are counseled on opportunities for beginning postsecondary education and opportunities for obtaining industry certifications, occupational competency credentials, or professional licenses in a career and technical education field prior to high school graduation. Such opportunities include access to at least three Advanced Placement (AP), International Baccalaureate (IB), or Cambridge courses or three college-level courses for degree credit. Students taking advantage of such opportunities are not denied participation in school activities for which they are otherwise eligible.

Wherever possible, students are encouraged and afforded opportunities to take college courses simultaneously for high school graduation and college degree credit (dual enrollment), under the following conditions:

Written approval of the high school principal prior to participation in dual enrollment must be obtained. The college must accept the student for admission to the course.

The course must be given by the college for degree credits (no remedial courses will be accepted).

Students participating in courses offered by an institution of higher education are permitted to exceed a full course load in order to participate in courses that lead to a degree, certificate, or credential at such institution.

The plan may be inspected by any interested person during normal office hours by contacting the Director of Finance at the Alleghany Highlands School Board Office. Every three years, in accordance with AHERA regulations, a certified asbestos inspection company does a complete inspection of all pertinent buildings. Also, semi-annual inspections by the maintenance department are completed in accordance with the management plan. Any changes or concerns in asbestos containing material are recorded in the report, as required, as a result of the semi-annual inspection.

BUS SAFETY AND DISCIPLINE

In order to provide for the safety of students, pupil rider safety instruction will be included in the school curriculum for all students. Pupils in kindergarten or first grade will receive instruction during the first week of school and periodically thereafter. Emergency exit drills will be practiced during the first six weeks of each semester.

Although bus transportation is the safest form of travel, a continuous effort must be made to avoid the safety hazards which can occur. Virginia law requires that school divisions notify each parent of bus rider rules every year; those rules are printed below. As most students will ride on at least one activity trip during the school year, it is important that all children are aware of the rules even though they do not ride the bus daily. In addition to explaining the rules to your child, it is requested that a parent or other adult accompany young children to the bus stop. The use of book bags, lunch boxes, or paper bags to carry items to and from school will lessen the chance of a student dropping articles on the way to and from the bus.

1. Be at the bus stop five (5) minutes before arrival time.
2. Wait for the bus a safe distance from the edge of the road.
3. Take to school only objects which can be held in your lap. DO NOT take glass objects on the bus (bottles, jars, etc.)
4. Cross the road in front of the bus only after a signal from the bus driver.
5. Use the handrail to enter the bus and go quickly to your assigned seat.
6. Remain seated facing the front of the bus.
7. Eating or drinking on the bus is prohibited by state law.
8. Keep head, arms, and hands inside the bus.
9. Remain quiet and obey the bus driver's directions promptly.
10. Never throw objects in or out of the bus.
11. When getting off the bus, do not leave your seat until the bus stops.

12. Get quickly away from the loading zone.
13. Never walk beside the bus or behind the bus.
14. Bus will only stop at authorized stops approved by the Supervisor of Maintenance and Transportation.
15. Students who wish to get off at an authorized stop other than their own need a daily bus pass signed by the school office.

The Code of Student Conduct is applicable to rules for bus riders. Violations of rules may result in disciplinary action. In the event of a bus accident or malfunction, transportation arrangements of affected students to school or home will be determined by the Supervisor of Maintenance and Transportation or his designee. All students to be transported will be done so by an Alleghany Highlands School Board employee with a valid driver's license.

CHARACTER EDUCATION

The Alleghany Highlands School Board provides, within its existing program or as a separate program, a character education program in its schools. The character education program may occur during the regular school year, during the summer in a youth development academy offered by the school division, or both. The purpose of the program is to foster civic virtues and personal character traits so as to improve the learning environment, promote student achievement, reduce disciplinary problems and develop civic-minded students of high character. The program is cooperatively developed with students, parents and the community. Specific character traits emphasized may include trustworthiness, respect, responsibility, fairness, caring and citizenship.

Character education is interwoven into the school procedures and environment so as to instruct primarily by example, illustration and participation, in such a way as to complement the Standards of Learning. Classroom instruction may also be used to supplement the program. The program also addresses the inappropriateness of bullying, as defined in Va. Code § 22.1-276.01. Parents have the right to review any audio-visual materials that contain graphic sexual or violent content used in any antibullying program. Prior to the use of any such material, the parent of a child participating in such a program is provided written notice of the parent's right to review the material and the right to excuse the child from participating in the part of such program utilizing such material.

The character education program

- specifies those character traits to be taught, selecting from those which are common to diverse social, cultural and religious groups;
- is implemented at the elementary and secondary levels;
- provides for relevant professional development and adequate resources; and
- includes a method for program evaluation.

Character education is intended to educate students regarding those core civic values and virtues which are efficacious to civilized society and are common to the diverse social, cultural, and religious groups of the Commonwealth. It shall not include indoctrination in any particular religious or political belief. Consistent with this purpose, Virginia's civic values, which are the principles articulated in the Bill of Rights (Article I) of the Constitution of Virginia and the ideals reflected in the seal of the Commonwealth, as described in Va. Code § 1-500, may be taught as representative of such civic values.

COMMUNICABLE DISEASES

The Alleghany Highlands School Board recognizes the importance of protecting its students and employees from the transmission of communicable diseases which present a threat to their health and safety while also protecting the legitimate interests and rights of students and employees with communicable diseases. The Board directs the superintendent to act in compliance with applicable law to exclude from school attendance or work in the school setting any person who has a communicable disease. Both the decision to remove the student or employee and the decision to readmit the student or to permit the employee to return to work are made by the superintendent based upon consultation with the local health department, the student's or employee's physician, physician assistant, advanced practice registered nurse, and/or other medical authorities. (See policy JHCCA Blood Borne Contagious or Infectious Diseases).

The identity of a student who has a communicable disease is kept confidential and revealed only in accordance with state law. An alternative educational program is made available to any student whose removal pursuant to this policy is expected to result in a prolonged absence from school or where otherwise required by law.

Administrative procedures concerning the exclusion of employees and students with communicable diseases are consistent with the requirements of law, including the policies of the Virginia Department of Education and reflect current medical knowledge and research.

A. Expulsion

A student who is determined to have brought a controlled substance, imitation controlled substance, or marijuana onto school property or to a school sponsored activity may be expelled in accordance with Policy JGD/JGE Student Suspension/Expulsion. The superintendent may determine, based on the facts of the particular case, that special circumstances exist and no disciplinary action or another form of discipline is appropriate. Any such disciplinary action shall be taken in accordance with Article 3 of Chapter 14 of Title 22.1 of the Code of Virginia.

B. Prevention and Intervention

Any student who violates this policy shall participate in the prevention and intervention activities identified in Alleghany Highlands Public Schools division's drug and violence prevention plan.

The provisions of Policy JGDA Disciplining Students with Disabilities will be followed in addition to the regular disciplinary procedures.

B. Additional authority to remove a student with a disability from school for a drug violation.

1. In addition to the authority granted in subsection A above, a student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. The removal should not be in excess of any removal imposed on a student without a disability for the same offense.

EATING DISORDERS

Eating disorders are serious health problems that usually start in childhood or adolescence and affect both girls and boys. With early diagnosis, eating disorders are treatable with a combination of nutritional, medical, and therapeutic supports. Recognizing the importance of early identification of at-risk students, the 2013 Virginia General Assembly passed a law requiring each school board to provide parent educational information regarding eating disorders on an annual basis to students in the fifth through twelfth grades.

It is important to note that eating disorders are not diagnosed based on weight changes as much as behaviors, attitudes, and mindset. Symptoms may vary between males and females and in different age groups. Often, a young person with an eating disorder may not be aware that he/she has a problem or keeps the issues secret. Parents/guardians and family members are in a unique position to notice symptoms or behaviors that cause concern. Noting behaviors common to people with eating disorders may lead to early referral to the primary care provider. It is important for eating disorders to be treated by someone who specializes in this type of care.

After reviewing the information on the reverse side of this letter, if you think your child may be showing signs of a possible eating disorder, please contact your primary health care provider, school nurse, or one of the resources listed below.

ENGLISH LEARNERS

Generally

The Alleghany Highlands School Board provides programs to improve the education of English learners by assisting the children to learn English and meet Virginia’s challenging academic content and student academic achievement standards.

The School Board accepts and provides programs for students for whom English is a second language who entered school in Virginia for the first time after reaching their 12th birthday, and who have not reached age 22 on or before August 1 of the school year. No tuition is charged such students, if state funding is provided for such programs.

Assessments

The School Board annually assesses the English proficiency of all English learners.

Notification of Programs for English Learners

The School Board, not later than 30 days after the beginning of the school year, informs a parent or the parents of an English learner identified for participation in, or participating in, a program for English learners, of

- the reasons for the identification of their child as an English learner and in need of placement in a language instruction education program;
- the child’s level of English proficiency, how that level was assessed and the status of the child’s academic achievement;
- the method of instruction used in the program in which their child is, or will be, participating, and the methods of instruction used in other available programs, including how such programs differ in content, instruction goals, and use of English and a native language in instruction;
- how the program in which their child is, or will be, participating will meet the educational strengths and needs of the child;
- how such program will specifically help their child learn English, and meet age appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for such program, the expected rate of transition from such program into classrooms that are not tailored for English learners, and the expected rate of graduation from high school (including fouryear adjusted cohort graduation rates and extended-year adjusted cohort graduation rates for such program);
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child; and
- information pertaining to parental rights that includes written guidance
- detailing the right that parents have to have their child immediately removed from such program upon their request and the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available, and
- assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the school division.

For a child who has not been identified as an English learner prior to the beginning of the school year but is identified as an English learner during the school year, the School Board provides the notice detailed above within 2 weeks of the child being placed in the program.

The information described above is provided to parents in an understandable and uniform format and, to the extent practicable, in a language that the parent can understand.

Notification of Availability of Testing Accommodations

Each high school principal or principal's designee notifies each English learner of the availability of testing accommodations available for industry certifications, state licensure examinations, national occupational competency assessments, the Armed Services Vocational Aptitude Battery and the Virginia workplace readiness skills assessment prior to the student's participation in any such certification, examination, assessment, or battery.

EQUAL EDUCATIONAL OPPORTUNITY / NON-DISCRIMINATION

I. Policy Statement

Equal educational opportunities are available for all students, without regard to sex, sexual orientation, race, creed, color, national origin, gender, gender identity ethnicity, religion, disability, ancestry, marital or parental status or any other unlawful basis. Educational programs are designed to meet the varying needs of all students.

II. Complaint Procedure

A. File Report

Any student who believes he or she has been the victim of prohibited discrimination should report the alleged discrimination as soon as possible to one of the Compliance Officers designated in this policy or to any other school personnel. The alleged discrimination should be reported as soon as possible, and the report generally should be made within fifteen (15) school days of the occurrence. Further, any student who has knowledge of conduct which may constitute prohibited discrimination should report such conduct to one of the Compliance Officers designated in this policy or to any school personnel. Any employee who has knowledge of conduct which may constitute prohibited discrimination shall immediately report such conduct to one of the Compliance Officers designated in this policy.

The reporting party should use the form, Report of Discrimination, JB-F, to make complaints of discrimination. However, oral reports and other written reports shall also be accepted. The complaint should be filed with either the building principal or one of the Compliance Officers designated in this policy. The principal shall immediately forward any report of alleged prohibited discrimination to the Compliance Officer. Any complaint that involves the Compliance Officer shall be reported to the superintendent.

The complaint, and identity of the complainant and of the person or persons allegedly responsible for the discrimination, will not be disclosed except as required by law or policy, as necessary to fully investigate the complaint or as authorized by the complainant. A complainant who wishes to remain anonymous will be advised that such confidentiality may limit the school division's ability to fully respond to the complaint.

B. Investigation

Upon receipt of a report of alleged prohibited discrimination, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which should generally be not later than 14 school days after receipt of the report by the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall acknowledge receipt of the complaint, by giving written notice that the complaint has been received, to both the person complaining of discrimination and the person or persons allegedly responsible for the discrimination. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the complainant and the person or persons allegedly responsible for the discrimination will be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the complainant, the person or persons allegedly responsible for the discrimination, and any others who may have knowledge of the alleged discrimination or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the complainant and the person or persons responsible for the alleged discrimination. The investigation may also include the inspection of any documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the complainant and others pending the completion of the investigation.

Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed by a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged discrimination conducted under this policy or by an appropriate state or federal agency.

C. Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or designee shall issue a decision regarding (1) whether this policy was violated and (2) what action, if any, should be taken. This decision must be provided in writing to the complainant. If the superintendent or designee determines that prohibited discrimination occurred, the Allegheny Highlands Public School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge.

D. Appeal

If the superintendent or designee determines that no prohibited discrimination occurred, the student who was allegedly subjected to discrimination may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party and the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the complainant and the person or persons responsible for the alleged discrimination.

If the superintendent or designee determines that prohibited discrimination occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

E. Compliance Officer and Alternate Compliance Officer

The School Board designates a Compliance Officer responsible for identifying, preventing and remedying discrimination as well as receiving complaints under this Policy. The name and contact information for the Compliance Officer is posted on the Division's website at all times. The Compliance Officer may be contacted at

III. Retaliation

Retaliation against students or school personnel who report discrimination or participate in the related proceedings is prohibited. The school division shall take appropriate action against any student or employee who retaliates against another student or employee who reports alleged discrimination or participates in related proceedings. The Compliance Officer will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

IV. Right to Alternative Complaint Procedure

Nothing in this policy denies the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited discrimination including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

V. Prevention and Notice of Policy

Training to prevent discrimination should be included in employee and student orientations as well as employee in-service training. This policy shall be (1) displayed in prominent areas of each division building in a location accessible to students, parents and school personnel, (2) included in the student and employee handbooks; and (3) sent to parents of all students within 30 calendar days of the start of school. FAMILY LIFE EDUCATION (FLE)

Generally

The Alleghany Highlands School Board provides Family Life Education (FLE) based on the FLE Standards of Learning (SOL) and curriculum guidelines developed by the Board of Education. The SOL objectives related to dating violence and the characteristics of abusive relationships are taught at least once in middle school and at least twice in high school. The high school FLE curriculum incorporates age-appropriate elements of effective and evidence-based programs on the prevention of dating violence, domestic abuse, sexual harassment, including sexual harassment using electronic means, and sexual violence, human trafficking, and the law and meaning of consent. Such age-appropriate elements of effective and evidence-based programs on the prevention of sexual violence may include instruction that increases student awareness of the fact that consent is required before sexual activity. The FLE curriculum offered in any school incorporates age-appropriate elements of effective and evidence-based programs on the importance of the personal privacy and personal boundaries of other individuals and tools for a student to use to ensure that he respects the personal privacy and personal boundaries of other individuals. The FLE curriculum incorporates age-appropriate elements of effective and evidence-based programs on the harmful physical and emotional effects of female genital mutilation; associated criminal penalties; and the rights of the victim, including any civil action pursuant to Va. Code § 8.01-42.5.

The FLE curriculum may incorporate age-appropriate elements of effective and evidence-based programs on the prevention, recognition, and awareness of child abduction, child abuse, child sexual exploitation and child sexual abuse.

The School Board reviews its family life education curricula at least once every seven years, evaluates whether the curricula reflects contemporary community standards, and revises the curricula if necessary.

Right of Parental Review

A parent or guardian has the right to review the family life curricula, including all supplemental materials used in the program.

The School Board develops and distributes to the parents or guardians of students participating in the FLE program a summary designed to assist them in understanding the program implemented in its school division and to encourage parental guidance and involvement in the instruction of the students. Such information reflects the curricula of the program as taught in the classroom. The following statement is included on the summary: "Parents and guardians have the right to review the family life education program offered by their school division, including written and audio-visual educational materials used in the program. Parents and guardians also have the right to excuse their child from all or part of family life education instruction."

(AHPS Policy IGBB 06/12)

The Alleghany Highlands Public Schools Gifted Program serves students in grades K-12. The K-2 program is comprised of the EXPLORER's program which serves potentially gifted students in grades K-2 and the ASPIRE program (Alleghany Schools Program in Independent Research and Enrichment) which serves identified gifted students in grades 3-7. Students in grades 8-12 are offered a continuum of services ranging from advanced courses to participation in the Jackson River Governor's School. Alleghany County/Covington City serves students in the area of General Intellectual Aptitude.

The Alleghany Highlands Public Schools Gifted Program is designed to serve the individual needs of students through group and individual differentiation, enrichment activities and special projects. Students in the Explorers and ASPIRE programs participate in a pull-out program once per week at their home school. Specialized courses are available within the curricular offerings at the middle and high school levels. High school students may participate in distance learning opportunities, independent study, mentorship, and/or Jackson River Governor's School for Science, Mathematics and Technology.

Each school has a school gifted contact and AHPS has two full time gifted resource teachers (who serve students in grades K-5), one part time gifted resource teacher (who serves students in grades 6/7), and a division gifted coordinator. The high school has appropriately trained advanced placement and dual enrollment instructors. Locally developed workshops and in-service programs, along with college-level graduate courses, provide education and training in facets of gifted education.

Parents, teachers, and community members serve on the local Gifted Advisory Committee. The local advisory committee meets three times per year. Information concerning the gifted program is made available through each school in the division and on the division website.

GRADING, EVALUATION, AND REPORTING

Introduction

Evaluation is an integral part of learning and teaching. The process used must be understood by teachers, parents and students. It must convey, in specific terms, the status of progress, or lack thereof, and provide direction for further teaching and learning.

Of primary importance in student evaluation is the attainment of well-defined competencies of the particular subject. At the same time, the components which comprise the evaluation should be numerous and varied. They may include tests, homework, constructive class participation, regular school attendance, promptness, earnest desire to learn, attempts to complete assignments, initiative, capability, and respect for the dignity and rights of others may be considered.

Ultimately, the teacher shall be responsible for the grading and evaluation of the achievement of students in his or her class(es). The principal shall maintain the prerogative to review the grades assigned by teachers and to resolve questionable matters. The superintendent shall be responsible for establishing and implementing

division-wide uniform procedures for evaluating student progress and for promotion, retention and acceleration of students.

Pupil Reporting

1. Regular formal progress reports shall be sent to parents and guardians by way of their student, or directly to emancipated students. Report cards shall reflect both the standard of work the student has achieved, his/her attitudes, and his/her work habits.
2. While these regular formal reports are very important, many other methods of communicating with parents/guardians regarding the progress of their student are essential. Some of the following should be used as additional methods of reporting:
 - a. parent conferences;
 - b. folders of the student's work;
 - c. written narratives, such as letters and comments on report cards;
 - d. reports of student performance on standardized tests, such as SOL tests; and
 - e. mid-term reports.
3. Grading Scale – Students in grades K-2 will use Standards Based Grading; grades 3-12 will use a 10-point scale. Courses taken at JRTC may have additional requirements for credential certification.

Grading Period - All Grades PreK-12 (9 weeks grading period)

Report Cards – PreK-12 (end of each 9-week grading period with mid quarter progress report for unsatisfactory or below “C”); all Special Education students will have a progress report sent home by the respective case

manager. (Note: Mid quarter is no later than 4.5 weeks into the 9 weeks and the contact must be documented.)

End of Course Exams – Final Exam/Assessment Policy by semester for grades 9-12 (year-long courses if applicable).

The exam will count 20% of the course grade. Students in English 12 will complete a portfolio regardless of exemption status. Courses taken at JRTC may have additional requirements for credential certification.

Final Exam/Assessment by semester for grades 9-12 (year-long courses if applicable) is not required if the student:

All high school courses will have a final assessment which shall count 20% of the final grade.

Exemptions from the final assessment are granted if a student is:

- 1) passing the class and missed 5 days or less in each individual block class or 10 days or less in a year-long class for any reason, excused or unexcused including tardies; OR
- 2) required to take the SOL/Credential test for the class and is passing the class.

Students who are exempt from taking the assessment but choose to take the assessment will only have the assessment count if it benefits their final grade.

GRADUATION REQUIREMENTS AND THE VIRGINIA ASSESSMENT SYSTEM

Generally

The Board of Education has established educational objectives known as the Standards of Learning (SOLs), which form the core of Virginia's educational program, and other education objectives, which together are designed to ensure the development of the skills that are necessary for success in school and in preparation for life in the years beyond.

The Alleghany Highlands School Board has developed and implemented a program of instruction that is aligned to the Standards of Learning and that meets or exceeds the requirements of the Board of Education. It awards diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education.

Alleghany Highlands School Board awards diplomas and certificates in accordance with state laws and regulations. The requirements for a student to earn a diploma and graduate from high school are those in effect when the student enters ninth grade for the first time.

Virginia Assessment Program

In kindergarten through eighth grade, where the administration of Virginia Assessment Program tests are required by the Board of Education, each student is expected to take the tests at the beginning of the year for growth baseline and at the end of the year following instruction. Students who are accelerated take the test aligned with the highest grade level, following instruction in the content. No student takes more than 2 tests in any content area in each year, except in the case of expedited retakes at year's end as provided for in 8 VAC 20-131-30. Schools use the test results in kindergarten through eighth grade as part of a set of multiple criteria for determining the promotion or retention of students and content mastery.

Each student in middle and secondary school takes all applicable end-of-course SOL tests following course instruction. The superintendent certifies to the Department of Education that the division's policy for dropping courses ensures that students' course schedules are not changed to avoid end-of-course SOL tests. Students who achieve a passing score on an end-of-course SOL test will be awarded a verified unit of credit in that course in accordance with 8 VAC 20-131-110. Students may earn verified credits in any courses for which end-of-course SOL tests are available. Students are not required to take an end-of-course SOL test in an academic subject after they have earned the number of verified credits required for that academic content area for graduation unless such test is necessary in order for the school to meet federal accountability requirements. Middle and secondary schools may consider the student's end-of-course SOL test score in determining the student's final course grade.

Participation in the Virginia Assessment Program by students with disabilities is prescribed by provisions of their Individualized Education Program (IEP) or 504 Plan. All students with disabilities are assessed with appropriate accommodations and alternate assessments where necessary.

Any student identified as an English Learner (EL) participates in the Virginia Assessment Program. A school-based committee convenes and makes determinations regarding the participation level of EL students in the Virginia Assessment Program. In kindergarten through eighth grade, EL students may be granted a one-time exemption from SOL testing in the areas of writing, and history and social science.

DEFINITIONS

Authentic or Performance-Based Assessment

An “Authentic Performance Assessment” is a test that complies with guidelines adopted by the Board of Education that requires students to perform a task or create a product that is typically scored using a rubric.

Standard Unit of Credit

A “standard unit of credit” or “standard credit” is a credit awarded for a course in which the student successfully completes 140 clock hours of instruction and the requirements of the course. A standard unit of credit may be awarded based on a waiver of the 140 clock hour requirement as provided in Policy IKFD Alternative Paths to Attaining Standard Units of Credit.

Verified Unit of Credit

A “verified unit of credit” or “verified credit” is a credit awarded for a course in which a student earns a standard unit of credit and completes one of the following:

1. Achieves a passing score on a corresponding end-of-course SOL test.
2. Achieves a passing score on an additional test, as defined in 8 VAC 20-131-5, as a part of the Virginia Assessment Program.
3. Meets the criteria for the receipt of a locally awarded verified credit when the student has not passed a corresponding SOL test.
4. Meets the criteria for the receipt of a verified credit in history and social science by demonstrating mastery of the content of the associated course on an authentic performance assessment that complies with guidelines adopted by the Board of Education.
5. Meets the criteria for the receipt of a verified credit for English (writing) by demonstrating mastery of the content of the associated course on an authentic performance assessment that complies with guidelines adopted by the Board of Education.

Students may also earn verified credits by taking alternative tests to the SOL assessment. Such tests may only be those approved by the Virginia Board of Education, and the student may earn verified credits only by achieving that score established by the Board of Education.

Virginia Assessment Program

The “Virginia Assessment Program” is a system used to evaluate student achievement that includes SOL tests and additional tests that may be approved from time to time by the Board of Education. (VSBA Policy IKF 05/18)

REQUIREMENTS FOR APPLIED STUDIES DIPLOMA

As of July 1, 2015, state legislation eliminated the term “Special Diploma”. The Applied Studies Diploma is a diploma option available to students identified as having a disability who complete the requirements of their individualized education programs (IEPs) and meet certain requirements prescribed by the Board of Education pursuant to regulations, but do not meet the requirements for any named diploma.

GUIDANCE AND SCHOOL COUNSELING PROGRAM

School Guidance and Counseling Services

Each school provides the following guidance and counseling services to all students:

- Academic guidance which assists students and their parents to acquire knowledge of the curricula choices available to students, to plan a program of studies, to arrange and interpret academic testing and to seek postsecondary academic opportunities.
- Career guidance which helps students to acquire information and plan action about work, jobs, apprenticeships and post-secondary educational and career opportunities.
- Personal/social counseling which assists a student to develop an understanding of themselves, the rights and needs of others, how to resolve conflict and to define individual goals, reflecting their interests, abilities and aptitudes. Information and records of personal/social counseling will be kept confidential and separate from a student's educational records and not disclosed to third parties without prior parental consent or as otherwise provided by law. Parents may elect, by notifying their child's school in writing, to have their child not participate in personal/social counseling.

No student is required to participate in any counseling program to which the student's parents object.

The guidance and counseling program does not include the use of counseling techniques which are beyond the scope of the professional certification or training of counselors, including hypnosis, or other psychotherapeutic techniques that are normally employed in medical or clinical settings and focus on mental illness or psychopathology.

Parents are notified annually about the counseling programs which are available to their children. The notification will include the purpose and general description of the programs, information regarding ways parents may review materials to be used in guidance and counseling programs at their child's school and information about the procedures by which parents may limit their child's participation in such programs.

Employment Counseling and Placement Services

The School Board provides to secondary students' employment counseling and placement services to furnish information relating to the employment opportunities available to students graduating from or leaving the schools in the school division. Such information includes all types of employment opportunities, including, but not limited to, apprenticeships, the military, career education schools and the teaching profession. In providing such services, the School Board consults and cooperates with the Virginia Employment Commission, the Department of Labor and Industry, local business and labor organizations and career schools.

If the School Board provides access to one or more of its high schools and contact with such high school's student body or other contact with its high school students during a school or school division-sponsored activity to persons or groups for occupational, professional or educational recruitment, it provides equal access on the same basis to official recruiting representatives of the military forces of the Commonwealth and the United States.

Adopted: July 1, 2022

HOMEBOUND INSTRUCTION

Homebound instruction shall be made available to students who are confined at home or in a health care facility for periods that would prevent normal school attendance (8VAC20-131- 180). The term "confined at home or in a health care facility" means the student is unable to participate in the normal day-to-day activities typically expected during school attendance; and, absences from home are infrequent, for periods of relatively short duration, or to receive health care treatment. Students receiving homebound instruction may not work or participate in extracurricular activities, nonacademic activities (such as field trips), or community activities unless these activities are specifically outlined in the student's medical plan of care or the Individualized Education Program (if applicable).

Homebound instruction is designed so the student does not fall significantly behind during the period of confinement. It is necessary for the student to participate in the instructional process and complete assignments. Homework should be expected. Not all work will be completed in the presence of the homebound teacher. Every effort will be made to ensure academic progress; however, course credit must still be earned according to class requirements. Priority will be given to core academic subjects. Specialty classes (i.e., those requiring labs, special facilities or equipment) may not be comparable. Elective courses are not guaranteed.

The policy of the Alleghany Highlands School Division regarding homebound instruction incorporates the eligibility criteria of the State Department of Education.

The following stipulations have been delineated for clarification:

A student may become eligible for homebound instruction upon his/her fifth consecutive absence from school. Exceptions may be made for expected delivery dates for pregnancies or scheduled treatments or procedures. Prior to the fifth consecutive absence, the acquisition, completion and evaluation of all assignments shall be the responsibility of the student and/or the parent working in collaboration with the regular classroom teacher(s). Upon the fifth consecutive absence, the parent (or the student if he/she is at least 18 years old) may apply for homebound instruction.

Only a Physician or Clinical Psychologist can certify a child eligible for homebound instruction.

High School students are permitted two hours per core academic subject per week; other accommodations may be made on an individualized basis.

Middle school students are permitted a minimum of forty (40) hours of instruction per month in selected subjects.

Elementary students are permitted a minimum of twenty (20) hours of instruction per month in selected subjects.

A student served by homebound instruction remains in school membership and is marked present each day on the school register for the duration of homebound instruction.

In determining the appropriate teacher to provide homebound instruction for students with disabilities, the same requirements that must be met for "in school" instruction must be met for those students receiving instruction at home. Matching teacher credentials/qualifications to student needs will need to be done on a case-by case basis. If the person delivering the service does not meet all of the qualifications, he or she must be supervised by someone who does and is actively involved in the child's case.

The homebound instructor is responsible for preparation of assignments, delivery of actual instruction, and grading of student's work (including tests). If the student is on this plan during six-week, mid-semester, and final examinations, the homebound instructor is responsible for preparation and grading of these examinations. Final grades should be submitted to appropriate personnel for recording. Exceptions of these procedures will be discussed as individual cases.

Homebound instructors must hold a valid Virginia teaching license and be approved as a division employee to be employed by the local School Board.

At the secondary and middle school levels, the principal shall be responsible for determining courses eligible for the homebound delivery. It is recognized that some courses cannot logically be offered in a homebound situation.

For students with an IEP, the medical certification must be completed, verified by the supervisor of homebound services, and then forwarded to the IEP team for review. As part of its review and determination of a change in placement, the IEP team must review the approved medical certification of need for homebound instruction and determine the appropriate placement for the student based on the student's educational needs. Parental consent must be obtained to amend the IEP, prior to initiation of homebound services. The team must amend the IEP upon the ending period of homebound services in order to either return the student to the school setting or continue the homebound placement. If the IEP team determines that homebound services are appropriate, the team must include language in the IEP that clearly defines the time period for the frequency and duration of the homebound services. The IEP may also include a statement that the IEP team will reconsider the need for continuation of services by a specified date. The IEP team should add a statement that addresses the fact that these services are temporary and thus do not constitute a permanent change in placement and are not the "stay put" placement should the IEP team and parents later disagree over the continuation of homebound services. The supervisor of homebound services must be sent a copy of the amended document to be placed in the student's homebound services file and as notification to provide the instructor for the services.

The principal may, when appropriate, review and modify the homebound student's schedule upon his/her return to school.

The principal may revise and alter the status of a particular case when deemed appropriate, due to irregularities or breach of the homebound criteria.

This regulation may, in some instances, result in a student's return to school with less than five subjects.

Students receiving homebound instruction will not be permitted to participate in co-curricular or extra-curricular activities, including, but not limited to, interscholastic athletics, field trips, and dances. Students receiving homebound instruction associated with an IEP may engage in limited participation as designated by the student's IEP.

HOMEWORK

Homework provides an essential communication link between the school and the home. One measure of a program or course is the quality of the work done at home by the student. A strong home-school partnership, with many lasting benefits for the individual student and the student's family, can be greatly enhanced by a sound program of homework. In addition, homework should be an important tool in developing independent thought, self-direction and self-discipline. It assists the student in developing good work habits and in the wise use of time.

Guidelines for homework include:

- Homework should be assigned after introduction and thorough explanation of the skills necessary to successfully complete the assignment.

LOCALLY AWARDED VERIFIED CREDITS

Generally

The Alleghany Highlands School Board awards verified credits in accordance with Virginia law and Virginia Board of Education regulations.

To be eligible for locally awarded verified credits as credit accommodations, students with disabilities must meet all criteria established by Virginia law or regulation and eligibility for such credit accommodations must be established in the student's Individualized Education Program (IEP) or Section 504 plan.

The review panel reviews information which provides evidence of the student's achievement of adequate knowledge of the Standards of Learning content. The panel has discretion in determining the information it considers. That information may include, but is not limited to, results of classroom assessments,

division wide exams, course grades and additional academic assignments (e.g. papers, projects, essays or written questions) as the panel deems appropriate.

Based on the evidence it reviews, the review panel may:

- award the verified credit;

PARENTAL RESPONSIBILITY

The Code of Virginia §22.1-279.3 (2004) outlines the following responsibilities of parents in regard to student conduct and attendance.

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section and (ii) a copy of the school board's standards of student conduct. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct and the notice of the requirements of this section. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress.
- E. In accordance with the due process procedures set forth in this article and the guidelines required by §22.1-279.6, the school principal may notify the parents of any student who violates a school board policy when such violation could result in the student's suspension, whether or not the school administration has imposed such disciplinary action. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior, and (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials.
- F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior, as follows:
 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
 2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order (i) the student or his parent, or both, to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, including participation in parenting counseling or a mentoring program, as appropriate or (ii) the student or his

parent, or both, to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent, or both, to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student’s school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

PROCEDURE FOR HEAD LICE CONTROL

Based on the revised recommendations of the Center for Disease Control (CDC), the American Academy of Pediatrics (AAP) and the National Association of School Nurses (NASN). AHPS will follow the following procedures when managing head lice infestations in schools.

When a student is found to have live lice:

- 1) The student’s parent(s) will be notified by telephone, if possible, and information will be sent home about detecting and treating head lice. The school nurse may use professional judgment to determine if the student may be permitted to remain in school until the end of the school day or be sent home upon discovery of lice (a few lice vs. hundreds).

- 2) The parent will receive instructions on how to detect and treat head lice and will be informed that the student may not return to school until undergoing an appropriate treatment.
- 3) The student will be examined upon returning to school and will not be permitted to return to class if *live* lice are detected. Parents will be instructed to remove all *live* lice before the student may return to class.
- 4) If nits or eggs are found, the parent will be instructed to continue to work toward removing them, especially those close to the scalp (within 1cm) but the student may remain in school.
- 5) The school nurse will check the student in 10 days and the student will be excluded again for live lice.

When a student is found to have nits/eggs but no live lice:

- 1) The parent will be notified by telephone, if possible and by letter if not, and encouraged to check the student frequently for the presence of live lice and to minimize the chances of infestation by removing nits/eggs.
- 2) The student will NOT be excluded from school.
- 3) The nurse will check the student again in 7 days and the student will be excluded for live lice as above but not for nits/eggs only.

Screening or checking beyond the student with an identified infestation:

- 1) If the student has siblings in the school, those siblings may be checked and the above procedures will be followed for evidence of live lice or nits.
- 2) Other close contacts may be checked per the judgment of the school nurse.
- 3) The nurse may check all classmates *if* there is evidence that more than one classmate is infested.
- 4) Entire grade or school screening will not be done routinely. In the rare cases involving widespread infestation, the school nurse may use professional judgment in determining when to conduct more extensive head checking or screening.

Classroom environment:

- 1) Normal cleaning and vacuum procedures will be followed.
- 2) Pesticides will not be used in the classroom.
- 3) Students will be instructed to avoid sharing hats, combs and hair accessories, as well as to avoid direct head to head contact.
- 4) Since head lice do not live long on inanimate objects, efforts to separate coats and backpacks do not need to occur.
- 5) The school nurse may use judgment when unusual measures should be undertaken due to widespread infestation.

Notification Procedure:

- 1) Parents of students with live lice or nits only will be notified as stated above.
- 2) If a parent cannot be reached at home, notification will be via the student in a sealed envelope or via certified mail.
- 3) The school nurse and principal may determine if a general notification to parents of classmates is warranted. Sending letters to entire grades or the entire school is discouraged.

Exclusion procedures in cases of chronic lice:

Because the presence of severe infestations of untreated head lice can be disruptive to the educational environment, cases of chronic lice will be handled on a case by case basis in consultation with the school nurse, principal, school nurse coordinator and advising physician panel or health department. Measures may include:

- Continued support of the family in attempting eradication
- Provision of effective lice treatment kits if financial hardship is suspected
- Referral to physician for additional support
- School nurse assistance with the manual removal of live lice with such devices as a robi-comb
- Recommendation of short haircuts (buzz or crew cut for boys – short cuts for girls)
- Extended monitoring with daily checks over time
- Repeated school exclusion for active infestations with no progress toward eradication.

Additional considerations:

- Confidentiality must be maintained for students identified with lice.

- Confidential record logs with *cases, dates of onset, treatment and follow-up* will be kept in a secure place and shredded at determined intervals. (AHPS Policy JHCCAB 06/12)

The complaint, and identity of the person allegedly harassed and alleged harasser, will be disclosed only to the extent necessary to fully investigate the complaint and only when such disclosure is required or permitted by law. Additionally, a person allegedly harassed who wishes to remain anonymous shall be advised that such confidentiality may limit the School Division's ability to fully respond to the complaint.

After receiving a complaint, the Title IX Coordinator makes an initial determination whether the allegations may be sexual harassment prohibited by Title IX. If they may be, the Title IX Grievance Process below is followed. If they cannot be sexual harassment prohibited by Title IX, then the complaint is referred to the Compliance Officer who follows the procedures below.

The Title IX Coordinator also determines whether the alleged harassment may also constitute criminal conduct and ensures that law enforcement officials are notified if necessary.

Such interim measures may include, but are not limited to, separating the alleged harasser and the person allegedly harassed. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the person allegedly harassed and the alleged harasser shall be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the person allegedly harassed, the alleged harasser and any others who may have knowledge of the alleged harassment or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the alleged harasser and the person allegedly harassed. The investigation may also consist of the inspection of any other documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the person allegedly harassed and others pending the completion of the investigation.

In determining whether alleged conduct constitutes a violation of this policy, the division shall consider, at a minimum: (1) the surrounding circumstances; (2) the nature of the behavior; (3) past incidents or past or continuing patterns of behavior; (4) the relationship between the parties; (5) how often the conduct occurred;

(6) the identity of the alleged perpetrator in relation to the alleged victim (i.e. whether the alleged perpetrator was in a position of power over the alleged victim); (7) the location of the alleged harassment; (8) the ages of the parties and (9) the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed after a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged harassment conducted under this policy or by an appropriate state or federal agency.

3. Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or superintendent's designee shall issue a decision regarding whether this policy was violated. This decision must be provided in writing to the person allegedly harassed and the alleged harasser. If the superintendent or superintendent's designee determines that it is more likely than not that prohibited harassment occurred, the Allegheny Highlands School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge. Whether or not the superintendent or superintendent's designee determines that prohibited harassment occurred, the superintendent or superintendent's designee may determine that school-wide or division-wide training be conducted or that the person allegedly harassed receives counseling.

4. Appeal

If the superintendent or superintendent's designee determines that no prohibited harassment occurred, the employee or student who was allegedly subjected to harassment may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party, the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the alleged harasser and the person allegedly harassed.

If the superintendent or superintendent's designee determines that prohibited harassment occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

Employees may choose to pursue their complaints under this policy through the relevant employee grievance procedure instead of the complaint procedure in this policy.

A. Compliance Officer Informal Procedure

If the person allegedly harassed and the person accused of harassment agree, the person allegedly harassed' s principal or principal's designee or supervisor may arrange for them to resolve the complaint informally with the help of a counselor, teacher or administrator.

If the person allegedly harassed and the person accused of harassment agree to resolve the complaint informally, they shall each be informed that they have the right to abandon the informal procedure at any time in favor of the initiation of the Compliance Officer Formal Procedures set forth herein. The principal or principal's designee or supervisor shall notify the person allegedly harassed and the person accused of harassment in writing when the complaint has been resolved. The written notice shall state whether prohibited harassment occurred.

B. Sexual Harassment Prohibited by Title IX Definitions

"Actual knowledge" means notice of sexual harassment prohibited by Title IX or allegations of sexual harassment prohibited by Title IX to the Title IX Coordinator or any official of the school division who has authority to institute corrective measures or to any employee of an elementary or secondary school.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment prohibited by Title IX.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment prohibited by Title IX against a respondent and requesting that the allegation be investigated. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail. When the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party. The allegations in a formal complaint must be investigated. In response to a formal complaint, the Title IX Grievance Process below is followed.

“Program or activity” includes locations, events or circumstances over which the School Board exercises substantial control over both the respondent and the context in which the sexual harassment occurs.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment prohibited by Title IX.

“Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the School Board’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security or monitoring of parts of campus, and other similar measures. Any supportive measures provided to the complainant or respondent are maintained as confidential, to the extent that maintaining such confidentiality does not impair the ability to provide supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Grievance Process

Generally

Any person may report sex discrimination prohibited by Title IX, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. The reporting party may use the form, Report of Harassment, GBA-F/JFHA-F, to make a complaint. Such a report may be made at any time, including non-business hours, by using the telephone number or electronic mail address, or by mail to the office address listed for the Title IX Coordinator.

Complainants and respondents are treated equitably by offering supportive measures to a complainant and by following this grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

The Title IX Coordinator promptly contacts the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain the process for filing a formal complaint.

Applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the School Board are notified

- of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator; and
- that the School Board does not discriminate on the basis of sex in its education program or activity and that it is required by Title IX not to discriminate in such a manner. The notification states that the requirement not to discriminate extends to admission and employment and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

The School Board prominently displays the contact information for the Title IX Coordinator and this policy on its website and in each handbook or catalog it makes available to persons listed above who are entitled to notifications.

Nothing herein precludes a respondent from being removed from the School Board’s education program or activity on an emergency basis, provided that an individualized safety and risk analysis determines

that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and that the respondent is provided with notice and an opportunity to challenge the decision immediately following the removal.

Nothing herein precludes a non-student employee respondent from being placed on administrative leave during the pendency of a grievance process

This grievance process treats complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following this process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies are designed to restore or preserve equal access to the School Board's education program or activity.

The respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

All relevant evidence is evaluated objectively, including both inculpatory and exculpatory evidence. Credibility determinations are not based on a person's status as a complainant, respondent, or witness.

Any Title IX Coordinator, investigator, decision-maker, or any person who facilitates an informal resolution process may not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process receives training on the definition of sexual harassment prohibited by Title IX, the scope of the School Board's education program or activity, how to conduct an investigation and grievance process including appeals, and informal resolution processes, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators receive training on issues of relevance in order to create investigative reports that fairly summarize relevant evidence.

A finding of responsibility may result in disciplinary action up to and including expulsion for students or dismissal of employees.

The standard of evidence used to determine responsibility is preponderance of the evidence.

This grievance process does not allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege.

Notice of Allegations

On receipt of a formal complaint, the Title IX coordinator gives the following written notice to the parties who are known:

- notice of the grievance process, including any informal resolution process, and
- notice of the allegations of sexual harassment potentially constituting sexual harassment prohibited by Title IX, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment prohibited by Title IX, and the date and location of the alleged incident, if known.

The written notice

- includes a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- informs the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- informs the parties of any provisions in the School Board's code of conduct or the superintendent's Standards of Student Conduct that prohibit knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice previously provided, notice of the additional allegations is provided to the parties whose identities are known.

Dismissal of formal complaints

A formal complaint or any allegations therein must be dismissed if the conduct alleged in the complaint

- would not constitute sexual harassment prohibited by Title IX even if proved,
- did not occur in the School Board's education program or activity, or

- did not occur against a person in the United States.

Such a dismissal does not preclude action under another provision of the School Board's code of conduct or the superintendent's Standards of Student Conduct.

A formal complaint or any allegations therein may be dismissed if at any time during the investigation:

- a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled or employed by the School Board; or
- specific circumstances prevent the School Board from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Investigation of formal complaint

When investigating a formal complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School Board and not on the parties provided that a party's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party are not accessed, considered, disclosed or otherwise used without the voluntary, written consent of the party's parent, or the party if the party is an eligible student, to do so for this grievance procedure.

The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

The ability of the parties to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.

The parties have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The choice or presence of advisor for either the complainant or respondent is not limited in any meeting or grievance proceeding.

Any party whose participation is invited or expected is provided written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.

The investigator provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence which will not be relied upon in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to the completion of the investigative report, the investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

The investigator creates an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the time a determination regarding responsibility is made, sends to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

After the investigator has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to

prove consent. The decision-maker(s) must explain to the party proposing the question any decision to exclude a question as not relevant.

Determination regarding responsibility

The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, must issue a written determination regarding responsibility.

The written determination must include

- identification of the allegations potentially constituting sexual harassment prohibited by Title IX;
- a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- findings of fact supporting the determination;
- conclusions regarding the application of the School Board's code of conduct or the superintendent's Standard of Student Conduct to the facts;
- a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School Board imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School Board's education program or activity will be provided to the complainant; and
- the procedures and permissible bases for the complainant and respondent to appeal.

The decision-maker must provide the written determination regarding responsibility to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeals

Either party may appeal from a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- procedural irregularity that affected the outcome of the matter;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Notification of appeal must be given in writing to the Title IX Coordinator.

As to all appeals, the Title IX Coordinator

- notifies the other party in writing when an appeal is filed and implements appeal procedures equally for both parties;
- ensures that the decision-maker for the appeal is not the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator; and
- ensures that the decision-maker for the appeal complies with the standards set forth in Title IX and this policy.

The appeal decision-maker

- gives both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- reviews the evidence gathered by the investigator, the investigator's report, and the decision-maker's written decision;
- issues a written decision describing the result of the appeal and the rationale for the result; and
- provides the written decision simultaneously to both parties and the Title IX Coordinator.

Timelines

The investigative report will be provided to the parties within 35 days from the date the formal complaint is filed.

A decision will be issued within 10 working days from the date the investigative report is submitted to the decision-maker.

Either party may appeal within 5 working days from the date the written determination regarding responsibility is given to the parties.

Any appeal will be resolved within 15 calendar days from the filing of the appeal.

If the parties agree to an informal resolution process, these deadlines are tolled from the time one party requests an informal resolution process until either the time the other party responds, if that party does not agree to the informal resolution process, or until either party withdraws from the informal resolution process.

Temporary delays of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action are permitted. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; disciplinary processes required by law or School Board policy; or the need for language assistance or accommodation of disabilities.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the parties may participate in an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility. When one party requests an informal resolution process, the other party must respond to the request within 3 days. The informal resolution process must be completed within 10 days of the agreement to participate in the process.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- the parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the grievance process with respect to the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- the parties, voluntarily and in writing, consent to the informal resolution process; and
- the informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. If the matter is not resolved, the formal complaint process is resumed.

Parties cannot be required to participate in an informal resolution process.

An informal resolution process is not offered unless a formal complaint is filed.

Recordkeeping

The School Board will maintain for a period of seven years records of:

- each investigation of allegations of sexual harassment prohibited by Title IX including any determination regarding responsibility and any audio or audiovisual recording or transcript, if any, required under the Title IX regulations, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to School Board's education program or activity;
- any appeal and the result therefrom;
- any informal resolution and the result therefrom; and

- all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. These materials will also be made available on the School Board's website.

For each response required under 34 C.F.R. § 106.44, the School Board must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment prohibited by Title IX. In each instance, the School Board will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to its education program or activity. If the School Board does not provide a complainant with supportive measures, then it will document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

IV. Retaliation

Retaliation against students or school personnel who report harassment or participate in any related proceedings is prohibited. The school division shall take appropriate action against students or school personnel who retaliate against any student or school personnel who reports alleged harassment or participates in related proceedings. The Title IX Coordinator will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

V. Right to Alternative Complaint Procedure

Nothing in this policy shall deny the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited harassment including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

VI. Prevention and Notice of Policy

Training to prevent harassment prohibited by law or by this policy is included in employee and student orientations as well as employee in-service training.

This policy is (1) displayed in prominent areas of each division building in a location accessible to students, parents and school personnel (2) included in the student and employee handbooks; and (3) sent to parents of all students within 30 calendar days of the start of school. Further, all students, and their parents/guardians, and employees are notified annually of the names and contact information of the Compliance Officers.

VII. False Charges

Students or school personnel who knowingly make false charges of harassment shall be subject to disciplinary action as well as any civil or criminal legal proceedings.

PROSECUTION OF JUVENILES AS ADULTS FOR CERTAIN CRIMES

The following information has been developed by the Office of the Attorney General regarding the prosecution of juveniles as adults:

Section §22.1-279.4 (1997) of the *Code of Virginia* states:

School boards shall provide information developed by the office of the Attorney General to students regarding laws governing the prosecution of juveniles as adults for the commission of certain crimes. Methods of providing such information may include, but not be limited to, public announcements in the schools, written notification to parents, publication in the student conduct manual, and inclusion in those materials distributed to parents pursuant to § 22.1-279.3.

The following information in question and answer format provides the notice required by this section of the *Code*.

Who is a juvenile? Section §16.1-228 of the *Code of Virginia* defines a juvenile as "a person less than 18 years of age." Section §16.1-269.1 of the *Code* permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances. This process is called a transfer to the appropriate circuit court for trial as an adult.

How is the age of the juvenile calculated? Section §16.1-241 of the *Code of Virginia* provides that for the purpose of transferring a juvenile to circuit court for trial as an adult, the child must have been age 14 or older at the time of the offense.

Under what circumstances does the law permit the transfer of juveniles for trial as adults?

The *Code of Virginia* permits the transfer of juveniles for trial as adults under three specific circumstances. Following is a description of each circumstance and the procedure that is followed in order to determine whether the student is transferred to circuit court.

Circumstance #1

A transfer can occur when a juvenile, who is age 14 or older at the time of the offense, is charged with a crime which would be a felony if committed by an adult (§ 16.1-269.1 A. of the *Code of Virginia*). Offenses are either felonies or misdemeanors. Those offenses that are punishable by confinement in a state correctional facility or death are felonies; all other offenses are misdemeanors. Felonies are classified for the purposes of punishment and sentencing into six classes. The authorized punishments for conviction of a felony are as follows:

- Class 1 felony – death if the person convicted was 18 years of age or older at the time of the offense and is not determined to be mentally retarded and a fine of not more than \$100,000. If the person was under 18 years of age at the time of the offense or is determined to be mentally retarded, the punishment shall be imprisonment for life or imprisonment for life and a fine of not more than \$100,000.
- Class 2 felony – imprisonment for life or for any term not less than twenty years or imprisonment for life or for any term not less than twenty years and a fine of not more than \$100,000.
- Class 3 felony – a term of imprisonment of not less than five years nor more than twenty years or a term of imprisonment of not less than five years nor more than twenty years and a fine of not more than \$100,000.
- Class 4 felony – a term of imprisonment of not less than two years nor more than ten years or a term of imprisonment of not less than two years nor more than ten years and a fine of not more than \$100,000.
- Class 5 felony – a term of imprisonment of not less than one year nor more than ten years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.
- Class 6 felony – a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both. (§§ 18.2-9 and 18.2-10 of the *Code of Virginia*)

In this circumstance, the Commonwealth’s Attorney’s office makes a formal request to the judge of the juvenile court for the juvenile to be transferred to the circuit court. The juvenile court holds a transfer hearing and may retain jurisdiction or transfer the juvenile to the appropriate circuit court for criminal proceedings. Any transfer to the circuit court is subject to the following conditions: (1) notice; (2) probable cause to believe that the juvenile committed the alleged delinquent act or a lesser included delinquent act; (3) the juvenile is competent to stand trial; and, (4) the juvenile is not a proper person to remain within the jurisdiction of the juvenile court.

The decision regarding whether the juvenile is not a proper person to remain within the jurisdiction of the juvenile court is based upon, but not limited to, the following factors:

- The juvenile’s age
- The seriousness and number of alleged offenses
- Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation
- The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems needed by the juvenile
- The record and previous history of the juvenile in the jurisdiction where the alleged crime occurred or in other jurisdictions
- Whether the juvenile has escaped from a juvenile correctional entity in the past
- The extent, if any, of the juvenile’s degree of mental retardation or mental illness
- The juvenile’s school record and education
- The juvenile’s mental and emotional maturity
- The juvenile’s physical condition and maturity

Circumstance #2

A transfer can occur when a juvenile 14 years of age or older is charged with an offense which would be a felony if committed by an adult. (§ 16.1-269.1 C of the *Code of Virginia*)

In this circumstance, transfer is requested at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney wishes to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§16.1-269.1 C of the *Code of Virginia*)

Circumstance #3

A transfer occurs when a juvenile 14 years of age or older at the time of the alleged offense is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding. (§ 16.1-269.1 B of the *Code of Virginia*)

Transfer under this circumstance is automatic. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding, he or she must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 B of the *Code of Virginia*) Attachment A, Memo No. 057-12 February 24, 2012

If a juvenile is transferred for prosecution as an adult on one offense, what happens if he or she has also been charged with other offenses? If any one charge is transferred, all other charges of delinquency arising out of the same act will be transferred. (§ 16.1-269.6 of the *Code of Virginia*)

Does the transfer impact subsequent alleged criminal offenses? Yes. Once a juvenile is convicted of a crime as an adult in circuit court, all subsequent alleged criminal offenses of whatever nature will be treated as adult offenses and no transfer hearing will be required. (§ 16.1-269.6 of the *Code of Virginia*)

What happens when an adult is sentenced for a crime he or she committed as a juvenile? When the juvenile court sentences an adult who has committed, before attaining the age of 18, an offense which would be a crime if committed by an adult, the court may impose a penalty up to a maximum of 12 months in jail and/or a fine up to \$2,500. (§ 16.1-284 of the *Code of Virginia*)

What can happen if a juvenile is tried as an adult? There are significant differences between a juvenile being tried as a juvenile and a juvenile being tried in the circuit court as an adult. In the juvenile system, a juvenile is given added protections because of his or her youth. First, records pertaining to the charge and adjudication of delinquency are confidential and may not be available to the public unless the crime was a felony. Second, if the adjudication is for a misdemeanor, the juvenile court record is expunged when the juvenile reaches the age of majority and is considered an adult. Third, a juvenile who is adjudicated delinquent remains in the juvenile system where a judge has discretion in the determination of the punishment or consequences to be imposed. In the juvenile system, the emphasis is on treatment and education.

In contrast, if a juvenile is prosecuted as an adult the issues and information related to the charge and the conviction of a crime are part of the public record. Because the information becomes an adult criminal record, it is not expunged when the juvenile reaches the age of 18. Additionally, the judge does not have the same discretion in sentencing. The judge in circuit court must impose at least the mandatory minimum sentence that is prescribed in sentencing guidelines. The circuit court does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

PUBLIC CONDUCT ON SCHOOL PROPERTY

All visitors must register at the school office on arrival.

No one may possess or consume any alcoholic beverage in or on the grounds of any public school during school hours or school or student activities. In addition, no one may consume, and no organization shall serve, any alcoholic beverage in or on the grounds of any public school after school hours or school or student activities, except for religious congregations using wine for sacramental purposes only.

In accordance with Policy KGC Tobacco Products and Nicotine Vapor Products, use of tobacco products and nicotine vapor products is not permitted in schools, at school-sponsored events, or in school vehicles.

Any person found to be engaged in or advocating illegal activity while on school property, including school buses, shall be reported by the principal to the local law enforcement authorities.

Any person who willfully and maliciously damages, destroys or defaces any school district building, or damages or removes any school property from a school building, will be required to compensate the school division and may be prosecuted.

Any person who willfully interrupts or disturbs the operation of any school or, being intoxicated, disturbs the same, whether willfully or not, may be ejected and/or prosecuted.

PUBLIC PARTICIPATION AT SCHOOL BOARD MEETINGS

Members of the community are invited and encouraged to attend meetings of the Allegheny Highlands School Board to observe its deliberations. Any member of the community may address the School Board on matters related to the Allegheny Highlands public schools at any regular meeting as provided in the accompanying regulation. Persons wishing to address the School Board are requested to contact the superintendent, the School Board chair or their designee for placement on the agenda.

The chair is responsible for the orderly conduct of the meeting and rules on such matters as the appropriateness of the subject being presented and length of time for such presentation. Upon recognition by the chair, the speaker shall address the chair and if, at the conclusion of the speaker's remarks, any member of the School Board desires further information, the member addresses the speaker only with the permission of the chair. No one is allowed to make additional presentations until everyone who wishes to speak has an opportunity to make an initial presentation.

REMEDIAL AND SUMMER INSTRUCTION PROGRAM

Generally

The School Board develops and implements programs of prevention, intervention, or remediation for students who are educationally at risk, including but not limited to those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight, or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit is required to attend a remediation program or to participate in another form of remediation. The superintendent requires such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs.

Remediation programs include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation are chosen by the superintendent to be appropriate to the academic needs of the student.

Students who are required to attend such summer school programs or to participate in another form of remediation are not charged tuition.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation which has been selected by his parent, in consultation with the superintendent or superintendent's designee, and is either (i) conducted by an accredited private school or (ii) a special program which has been determined to be comparable to the required public school remediation program by the superintendent. The costs of such private school remediation program or other special remediation program are borne by the student's parent.

Targeted mathematics remediation and intervention are provided to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The School Board annually evaluates and modifies, as appropriate, the remediation plan based on an analysis of the percentage of students meeting their remediation goals and consideration of the pass rate on the Standards of Learning assessments.

Summer School

The courses offered and the quality of instruction in the summer school program shall be comparable to that offered during the regular school term. Students must meet the requirements for SOL testing if appropriate.

Summer school instruction at any level which is provided as part of a statefunded remedial program is designed to improve specific identified student deficiencies.

Compulsory Attendance

When a student is required to participate in a remediation program pursuant to this policy, the superintendent may seek immediate compliance with the compulsory school attendance laws if a reasonable effort to seek the student's attendance, including direct notification of the parents of such student of the attendance requirement and failure of the parents to secure the student's attendance, have failed and the superintendent determines that remediation of the student's poor academic performance, passage of the Standards of Learning Assessment in grades three through eight, or promotion is related directly to the student's attendance in the remediation program.

SCHOOL ADMISSION

Generally

A person of school age (i.e., a person who will have reached the person's fifth birthday on or before September 30 of the school year and who has not reached 20 years of age on or before August 1st of the school year) is eligible for admission on a non-tuition basis if residing in the Alleghany Highlands School Division, or if eligible for admission under Policy JECA Admission of Homeless Children.

A person of school age is deemed to reside in the school division

when the person is living with a natural parent, or a parent by legal adoption, in the Alleghany Highlands School Division;

□ when, in accordance with the provisions of Va. Code § 22.1-360, the person is living with a noncustodial parent or other person standing in loco parentis, not solely for school purposes, pursuant to a Special Power of Attorney executed under 10 United States Code § 1044b by the custodial parent;

□ when the parents of such person are dead and the person is living with a person in loco parentis who actually resides within the school division;

□ when the parents of such person are unable to care for the person and the person is living, not solely for school purposes, with another person who resides in the school division and is either

- (i) the court-appointed guardian, or has legal custody of the person,
- (ii) acting in loco parentis pursuant to placement of the person for adoption by a person or entity authorized to do so under Va. Code § 63.2-1200; or
- (iii) an adult relative providing temporary kinship care as that term is defined in Va. Code § 63.2-100. Both parents and the relative providing kinship care must submit signed, notarized affidavits
 - a. explaining why the parents are unable to care for the person,
 - b. detailing the kinship care arrangement, and
 - c. agreeing that the kinship care provider or a parent will notify the school within 30 days of when the kinship care arrangement ends.

The parent must also provide a power of attorney authorizing the adult relative to make educational decisions regarding the person. A parent or the kinship care provider must also obtain written verification from the department of social services where the parent or parents live, and the department of social services where the kinship provider lives, that the kinship arrangement serves a legitimate purpose that is in the best interest of the person other than school enrollment. If the kinship care arrangement lasts more than one year, the school division must receive continued verification directly from both departments of social services that the parents are unable to care for the person and that the kinship care arrangement serves a legitimate purpose other than school enrollment.

· when the person is living in the school division not solely for school purposes, as an emancipated minor;

· when all or any portion of the building in which the person resides (i) with another person as set forth in the first through fourth bullets above or (ii) as an emancipated minor as set forth in the fifth bullet above is taxable by the locality in which the school division is located; or

· when the person has been placed in a foster care placement within the school division by a local social services agency. The sending and receiving school divisions will cooperate in facilitating the enrollment of any child placed in foster care across jurisdictional lines to enhance continuity of instruction. The child will be allowed to continue to attend the school in which the child was enrolled prior to the most recent foster care placement, upon the joint determination of the placing social services agency and the school division that such attendance is in the best interest of the child. No person of school age who is the subject of a foster care placement will be charged tuition regardless of whether the child is attending the school in which the child was enrolled prior to the most recent foster care placement or is attending a school in the receiving school division. These provisions apply to any student who was in foster care upon reaching 18 years of age and has not reached 22 years of age.

Certain other students may be admitted into the public schools of the division and may be charged tuition in accordance with Va. Code § 22.1-5 and pursuant to Alleghany Highlands School Board Regulation JEC-R School Admission.

Children of Persons on Active Military Duty

No child of a person on active military duty

· who is attending a school free of charge in accordance with this policy will be charged tuition by the school division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parent to relocate to base housing. Such children are allowed to continue attending school in the school division and are not charged tuition for attending such school;

· who is attending a school free of charge in accordance with this policy will be charged tuition upon such child's relocation pursuant to orders received by such child's parent to relocate to a new duty station or to be deployed. Such children are allowed to remain enrolled in the division free of tuition through the end of the school year; and

· who is eligible to attend school free of charge in accordance with this policy will be charged tuition by a school division that will be the child's school division of residence once the child's service member parent is relocated pursuant to orders received. Such a child will be allowed to enroll in the school division of the child's

intended residence if documentation is provided, at the time of enrollment, of military orders of the service member parent or an official letter from the service member's command indicating such relocation. Documentation indicating a permanent address within the school division must be provided to the school division within 120 days of a child's enrollment or tuition may be charged, including tuition for the days since the child's enrollment in school. In the event that the child's service member parent is ordered to relocate before the 120th day following the child's enrollment, the school division will not charge tuition. Students eligible to enroll in the school division in accordance with this policy because they are the children of military personnel on active military duty who will reside in the division may register, remotely or in-person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division at the same time and in the same manner as students who reside in the division. The assignment of the school such child will attend will be determined by the school division.

Such children are counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing is not responsible for providing for their transportation to and from school.

Children of Certain Federal Employees

Children of federal employees serving under orders pursuant to Title 22 or 50 of the United States Code are eligible for enrollment in Alleghany Highlands School Division provided that the documents required by Va. Code §§ 22.1-3.1 and 22.1-3.2 are provided and subject to the authority of the school division to exclude such children from attendance pursuant to Va. Code § 22.1-277.2 or if such children have been found guilty or adjudicated delinquent for any offense listed in subsection G of Va. Code § 16.1-260 or any substantially similar offense under the laws of any state.

Students may enroll in the Alleghany Highlands School Division if the division is the student's intended residence if documentation is provided at the time of enrollment of Title 22 or 50 orders of the federal employee parent. Documentation indicating a permanent address within the school division must be provided to the school division within 120 days of a student's enrollment or tuition may be charged, including tuition for the days since the student's enrollment. In the event that the federal employee parent is ordered to relocate under Title 22 or Title 50 orders before the one hundred twentieth day following the student's enrollment, the school division will not charge tuition. Students eligible to enroll in the school division pursuant to this section may register, remotely or in person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division at the same time and in the same manner as students who reside in the division. The assignment of the school that such student will attend will be determined by the school division.

"Children of federal employees serving under orders pursuant to Title 22 or 50 of the United States Code" means school-age children, enrolled in kindergarten through grade 12, in the household of a federal employee serving under orders pursuant to Title 22 or 50 of the United States Code.

ADDITIONAL ADMISSION REQUIREMENTS

A. Except as otherwise provided below, no pupil is admitted for the first time to any public school in any school division in Virginia unless the person enrolling the pupil presents, upon admission, a certified copy of the pupil's birth record. The principal or principal's designee records the official state birth number from the pupil's birth record into the pupil's permanent school record and may retain a copy in the pupil's permanent school record. If a certified copy of the pupil's birth record cannot be obtained, the person so enrolling the pupil must submit an affidavit setting forth the pupil's age and explaining the inability to present a certified copy of the birth record. If the school division cannot ascertain a child's age because of the lack of a birth certificate, the child will nonetheless be admitted into the public schools if the superintendent determines that the person submitting the affidavit presents information sufficient to estimate with reasonable certainty the age of such child.

B. If a certified copy of the birth record is not provided, the administration immediately notifies the local law enforcement agency. The notice to the local law-enforcement agency includes copies of the submitted proof of the pupil's identity and age and the affidavit explaining the inability to produce a certified copy of the birth record.

C. Within 14 days after enrolling a transfer student, the administration requests documentation that a certified copy of the pupil's birth record was presented when the pupil was enrolled in the former school.

D. The School Board assigns a unique student identification number, determined in accordance with a system developed by the Department of Education, to each student enrolled in the division. No student identification number includes or is derived from the student's social security number. Each student retains the student's identification number for as long as the student is enrolled in a public elementary or secondary school in Virginia.

E. Tuition rates are established each year in accordance with the provisions of Va. Code § 22.1-5.

F. Prior to admission to the Alleghany Highlands School Division, the parent, guardian, or other person having control or charge of the child must provide, upon registration,

- a sworn statement or affirmation indicating whether the student has been expelled from school attendance at a private school or in a public school division of the Commonwealth or another state for an offense in violation of school board policies relating to weapons, alcohol or drugs, or for the willful infliction of injury to another person. This document is maintained as a part of the student's scholastic record; and
- a sworn statement or affirmation indicating whether the student has been found guilty of or adjudicated delinquent for any offense listed in subsection G of Va. Code § 16.1-260 or any substantially similar offense under the laws of any state, the District of Columbia, or the United States or its territories. This document is maintained by the superintendent and by any others to whom the superintendent disseminates it, separately from all other records concerning the student.

However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260, the notice will become a part of the student's disciplinary record. When the child is registered as a result of a foster care placement, the information required under this subsection must be furnished by the local social services agency or licensed child-placing agency that made the placement.

G. A student, who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in Virginia or in another state or for whom admission has been withdrawn by a private school in Virginia or another state may be excluded from attendance in the Alleghany Highlands School Division regardless of whether such student has been admitted to another school division or private school in Virginia or in another state subsequent to such expulsion, suspension, or withdrawal of admission upon a finding that the student presents a danger to the other students or staff of the school division after (i) written notice to the student and the student's parent that the student may be subject to exclusion, including the reasons therefore, and notice of the opportunity for the student or the student's parent to participate in a hearing to be conducted by the superintendent or superintendent's designee regarding such exclusion; and (ii) a hearing of the case has been conducted by the superintendent or superintendent's designee; and the decision has been to exclude the student from attendance. The decision of the superintendent or superintendent's designee to exclude the student is final unless altered by the School Board upon written petition filed within 15 days of the decision to exclude the student by the student or the student's parent, for a review of the record by the School Board.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period is established by the School Board, committee thereof, or superintendent or superintendent's designee, as the case may be, at the relevant hearing, the student may petition the School Board for readmission. If the petition for readmission is rejected, the School Board identifies the length of the continuing exclusion period and the subsequent date upon which such student may petition the School Board for readmission.

For the purposes of this section, the superintendent's designee must be a (i) trained hearing officer or (ii) professional employee within the administrative offices of the school division who reports directly to the superintendent and who is not a schoolbased instructional or administrative employee.

In excluding any such expelled student from school attendance, the School Board may accept or reject any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The excluding School Board may not impose additional conditions for readmission to school.

H. This policy does not preclude contractual arrangements between the Alleghany Highlands School Board and agencies of the federal government or the school board of another jurisdiction to permit students not otherwise eligible to attend Alleghany Highlands Public Schools.

I. Prior to admission, the student must document compliance with, or eligibility for exemption from, the physical examination and immunization requirements contained in Va. Code §§ 22.1-270, 22.1-271.2 and 32.1-46 and policies JHCA Physical Examinations of Students and JHCB Student Immunizations.

If the person enrolling a child who has been placed in foster care by a local social services agency is unable to produce a report of a comprehensive physical examination and/or proof of immunization, the student is immediately enrolled; however, the person enrolling the child must provide a written statement that, to the best of the person's knowledge, the student is in good health and is free from communicable or contagious disease. In addition, the placing social service agency must obtain and produce the required documents or otherwise ensure compliance with the statutory requirements for the foster child within 30 days after the child's enrollment.

SCHOOL ADMISSION GUIDELINES

No person is charged tuition for admission or enrollment in the Alleghany Highlands public schools, whether on a full-time or part-time basis, who is eligible for admission under Policies JEC School Admission or JECA Admission of Homeless Children. School officials do not inquire into the student's citizenship or B, C or D visa status in determining eligibility for tuition-free enrollment in the Alleghany Highlands public schools.

However, the school division may admit and charge tuition to a student who:

- A. Is a resident of the school division but not of school age;
- B. Is of school age and not a resident of Virginia but is temporarily living with a non-parent who resides within the school division;
- C. Is of school age and resides beyond the boundaries of Virginia but near thereto in a state or the District of Columbia which grants equal attendance privileges to residents of the Commonwealth;
- D. Is of school age and resides on a military or naval reservation located wholly or partly within the geographical boundaries of the school division, is not a domiciled resident of the Commonwealth of Virginia, and is a student for whom federal funds provided under Public Law 874 of 1950, commonly known as Impact Aid, fund less than 50 percent of the total per capita cost of education in Alleghany Highlands Public Schools exclusive of capital outlay and debt service; such students shall be eligible for interscholastic programs immediately upon enrollment, provided that such persons (i) satisfy all other requirements for eligibility and (ii) are dependents of a military service member required by the military to live on the military installation as evidenced by a statement on command letterhead signed by, or by direction of, the service member's commanding officer;
- E. Is of school age and attending a school in the division pursuant to a foreign student exchange program approved by the School Board;
- F. Is a resident of the Commonwealth but not of the school division, except as provided in Policy JEC School Admission;
- G. Is of school age and was enrolled in a public school within the division as a domiciled resident of the Commonwealth, and has been required as a result of military or federal orders issued to their parents to relocate and reside on federal property in another state or the District of Columbia, where such state or the District of Columbia is contiguous to the school division; or
- H. Is of school age and residing within the school division, and is enrolled in summer programs other than remediation required under Va. Code § 22.1-253:13.1, or is enrolled in local initiatives or programs not required by the Standards of Quality or the Standards of Accreditation.

The following category(ies) of students are eligible for consideration for admission: Non-resident and out of district students.

Eligibility for consideration does not signify acceptance of the admission application of a student. Each application for admission will be considered on an individual basis. The residency of persons in the above categories who reside in housing or temporary shelter, or on property located in multiple jurisdictions, shall be determined in the manner set forth in Policy JEC School Admission.

Foreign students in an F-1 immigration status or who obtain F-1 student visas are not admitted in the division's elementary schools or publicly funded adult education programs. Such students may be admitted, for a period up to twelve months, in the division's secondary schools only if they pre-pay the full, unsubsidized per capita cost of the education.

Procedure for Admission

The following procedure is followed for application and review of applications for admission of students who are not eligible for tuition-free enrollment.

A parent or guardian of a student shall apply for admission on behalf of the student by completing the division application. The application form contains information and agreements including, but not limited to:

- the current legal residence of the child and the school division in which the child is currently enrolled, if any;
- the child's unique student identification number, if any;
- the basis for requesting admission;
- the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the division; and,
- the agreement that the student is subject to all policies and regulations of the school division, including Policy JFC Student Conduct and the Standards of Student Conduct.

Within 15 calendar days of receipt of the application, the Allegheny Highlands Office of the school division shall provide the applicant with written notification of the approval or denial of the application. If the student is to be admitted, the superintendent or superintendent's designee shall notify the division which the student previously attended, if any, and make necessary arrangements for the transfer of student records. The notification of admission shall state the period for which the student is accepted and the subsequent conditions which could cause the acceptance to be terminated.

If the application is denied, the Allegheny Highlands Office shall notify the parent or guardian of the right to have the decision reviewed by sending a written request to the superintendent or superintendent's designee within seven calendar days. Applications denied based upon the student's suspension, expulsion or withdrawal of admission shall be reviewed as provided in Policy JEC School Admission. For all other denials of admission, the superintendent or superintendent's designee shall respond in writing to the request for review within 10 calendar days.

Tuition Rate

The tuition rate is set by the superintendent for each academic year.

Transportation

Transportation is not furnished to nonresident students except in those cases where:

- agreements between divisions specify transportation services;
- federal or state legislation mandates the provision of transportation services; or
- transportation services can be provided at no cost to the division.

SCHOOL VISITORS

Generally

Visitors are welcome in the schools as long as their presence is not disruptive. Upon arriving at a school, all visitors must report to the administrative office. Potential visitors, including parents, who are registered sex offenders, should consult Policy KN Sex Offender and Crimes Against Minors Registry Information before arriving at school property or school sponsored activities. The school division expects mutual respect, civility and orderly conduct from all individuals on school property and at school events. Unauthorized persons, including suspended and expelled students, will be requested to leave school grounds by the building administrator. Unauthorized persons who fail to leave the school grounds or school activity as requested will be considered trespassers. The School Board authorizes the superintendent to take all necessary actions regarding the safety, order and preservation of the educational environment on School Board property or at school division sponsored activities. Law enforcement may be called to enforce this policy.

Anyone, including students, who enters a school at nighttime without the consent of an authorized person except to attend an approved meeting or service or who enters or remains on any school property, including school buses, in violation of (i) any direction to vacate the property by an authorized individual or (ii) any posted notice which contains such information, posted at a place where it reasonably may be seen may be prosecuted.

Parents

Parents are encouraged to visit the schools on scheduled days for conferences with teachers, assemblies, PTA meetings, volunteer service and other school programs. Noncustodial parents are not denied, solely on the basis of their noncustodial status, the opportunity to participate in any of the student's school or day care activities in which such participation is supported or encouraged by the policies of the School Board.

Board Members

Periodically, Board members may visit schools within the division. The purpose of these visits is to assist in fulfilling their responsibilities and increase understanding of actual educational practices. School Board members follow the same procedures applicable to all other visitors when visiting a school.

Adopted: July 1, 2022

SCHOOL VISITOR CHECK-IN / CHECK-OUT PROCEDURE

All visitors will be required to show a form of identification upon entering the building. Visitors going beyond the main office will be required to sign in and leave their driver's license or other form of ID until they return to checkout. The parent or guardian's ID will cover minor children. Any visitor without an ID will need to be screened by an administrator and accompanied by a staff member to and from their destination.

SCOLIOSIS INFORMATION-ANNUAL NOTIFICATON TO PARENTS

The Virginia General Assembly requires schools to provide educational material to parents of students in grades five through ten. In addition, any parent may request a scoliosis screening of the school nurse and it will be done by the school nurse. In accordance with House Bill #1834, Alleghany Highlands Public Schools provides the following educational material to parents.

What is scoliosis?

A normal spine, when viewed from behind, appears straight. However, a spine affected by scoliosis has a sideways curve, making it appear like an "S" or a "C". Scoliosis is a type of spinal deformity that should not be confused with poor posture. Scoliosis can occur at any age, but the most common type occurs in teens and preteens as they go through their growth spurt. Scoliosis occurs in 2-3 percent of adolescents by the end of their growth period. Mild curves generally do not cause problems. However, 3-5 out of every 1,000 adolescents have curves large enough to warrant treatment. Progressive, untreated scoliosis can lead to limited motion, back pain, deformity, and in extreme cases impaired function of the heart and lungs. Early detection and treatment may prevent scoliosis from progressing. A simple check for scoliosis is part of a routine physical exam. However, it would not normally be detected at routine visits for illnesses such as colds and sore throats. Parents/guardians are strongly encouraged to have their child evaluated by their primary care provider for scoliosis as part of a regular checkup.

What are the signs of scoliosis?

- One shoulder may be higher than the other.
- One scapula (shoulder blade) may be higher or more prominent than the other.
- With arms hanging loosely by the side, there may be more space between the arm and the body on one side.
- One hip may appear higher or more prominent than the other.
- The head is not centered over the pelvis.
- When the patient is examined from the rear and asked to bend forward until the spine is horizontal, one side of the back appears higher than the other.

What causes scoliosis?

In most cases (80 to 85%), the cause of scoliosis is unknown, a condition called *idiopathic scoliosis*. Scoliosis is more common in females than males. It commonly affects adolescents as they complete their last major growth spurt between ages 10 and 18. Idiopathic scoliosis frequently runs in families and may be due to genetic or heredity influences.

How is scoliosis diagnosed?

Scoliosis is suspected on physical exam when any of the above signs are noted. If a significant curve is suspected, an x-ray is done to measure the actual angle of the curve in the spine. The Scoliosis Research Society defines scoliosis as a curvature of the spine measuring 10 degrees or greater on x-ray. The physician will look for signs in the medical and family history as well as the physical examination that suggest an underlying cause for scoliosis. If this is suspected, other tests may be done.

Treatment of scoliosis

The goal of treatment is to stop the progression of the curve and avoid long-term problems. Treatment depends on the degree of the curve and the amount of growth the child is expected to have.

- Observation and repeated examinations are done for smaller curves, to determine if the spine is continuing to curve. Curve progression normally slows down or stops after a child reaches puberty. However, it is important to follow up every 4-6 months or as instructed, to be sure no further treatment is necessary.
- Bracing may be used when the curve measures between 25 to 40 degrees on an x-ray, but skeletal growth remains. The type of brace and the amount of time spent in the brace will depend on the adolescent's condition. Modern braces often can be hidden under clothing.
- Surgery may be recommended when the curve measures 50 degrees or more on an x-ray and bracing is not successful in slowing down the progression of the curve.

According to the Scoliosis Research Society, there is no evidence to show that other methods for treating scoliosis (i.e. manipulation, electrical stimulation, and corrective exercise) prevent the progression of the disease.

Long-term outlook for an adolescent with scoliosis:

The management of scoliosis is individualized for each adolescent depending on age, amount of curvature, and amount of time remaining for skeletal growth. Scoliosis will require frequent examinations by the adolescent's doctor to monitor the curve as the child grows and develops. Early detection and follow-up is very important to prevent the serious consequences that can occur from untreated scoliosis.

If you have any concern that your child may have scoliosis, or if your child has not had a routine physical exam in the past year, we urge you to make an appointment with your child's primary care physician.

SCREENINGS

Screenings shall be completed within 60 (sixty) administrative working days of initial enrollment in a public school in Virginia. Screenings in the following areas shall be done to determine if formal assessment is indicated: fine and gross motor, speech, voice and language, vision and hearing. All students through grade 3 shall be screened in the area of fine and gross motor functions in their entry year into the division. If fine or gross motor screenings are failed, a copy of the screening will be given to the occupational therapist for possible recommendations. Vision and hearing screenings are conducted for all students in grades K, 3, 7, and 10. Scoliosis screenings will only be conducted by parent request. The parent will be notified if the child fails any component of the screening. If results are considered invalid, the child will be re-screened. (Based on AHPS Policy JEB 06/13, JEC 06/18) See Scoliosis in the Table of Contents.

SEX OFFENDER REGISTRY NOTIFICATION

Generally

Each school in the division registers with the Department of State Police to receive electronic notice of the registration, reregistration, or verification of registration information of any person required to register with the Sex Offender and Crimes Against Minors Registry (the Registry) within the division.

The superintendent establishes procedures regarding the use and distribution of information received from the Registry. Information received from the Registry may not be used to intimidate or harass.

The superintendent notifies the parent of each student enrolled in the school division of the availability of information in the Registry and the location of the website.

Visitors to Schools

When the school division learns that a parent, other than a parent who has been convicted of a Tier III offense as defined in Va. Code § 9.1-902, of an enrolled student is required to register with the Registry, the parent is notified in writing that he or she is barred from being present at school or at school functions without the express written approval of the student's principal. Such approval must be obtained in advance of the proposed visit and will state the conditions under which the parent may be present. When such a parent is permitted at school or at school functions the parent is monitored to ensure that he or she does not come into contact with any children other than the parent's own children.

When the school division learns that any person other than the parent of an enrolled student, who is required to register with the Registry, but who has not been convicted of a Tier III offense, as defined in Va. Code § 9.1-902, seeks to be present at school or at school functions, the person is notified in writing that he or she is barred from being present at school or school functions without the express written approval of the principal of the school the person seeks to visit or which sponsors the event the person seeks to attend. Such approval must be obtained in advance of the proposed visit and, if obtained, will state the conditions under which the person may be present. One of the conditions will be that the person will be monitored to ensure the safety of students, staff, and others.

Principals consider requests to be present at school or at school sponsored activities from all persons who are required to register with the Registry but have not been convicted of a Tier III offense as defined in Va. Code § 9.1-902 in accordance with procedures established by the superintendent.

No adult who has been convicted of a Tier III offense, as defined in Va. Code § 9.1-902, may enter or be present during school hours, and during school-related or school-sponsored activities on any property the

person knows or has reason to know is a school or child day center property, school bus, or on any property, public or private, when such property is solely being used by an elementary or secondary school for a school-related or school-sponsored activity unless

- the person is a lawfully registered and qualified voter and is coming upon such property solely to vote;
- the person is a student enrolled at the school; or
- the person has obtained a court order pursuant to Va. Code 18.2-370.5.C allowing the person to enter and be present upon such property, has obtained the permission of the School Board or its designee for entry within all or part of the scope of the lifted ban, and is in compliance with the School Board's terms and conditions and those of the court order.

(Policy KN Adopted: July 1, 2022)

SPORTSMANSHIP, ETHICS AND INTEGRITY

The School Board recognizes the value of extracurricular activities in the educational process and the values that students develop when they have the opportunity to participate in an organized activity outside of the traditional classroom.

Participants and responsible adults involved in School Board approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The School Board further encourages the development and promotion of sportsmanship, ethics and integrity in all phases of the educational process and in all segments of the community, including administrators, participants, adult supervisors, parents, fans, spirit groups and support/booster groups.

STUDENT ABSENCES / EXCUSES / DISMISSAL / PERFECT ATTENDANCE

I. Student Attendance Policy

Student attendance is a cooperative effort and the School Board involves parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age is responsible for such child's regular and punctual attendance at school as required under provisions of the law.

Parents of students who are absent must inform the school of the reason for the absence no later than upon the student's return to school. Absences are excused for the following reasons:

- for middle and high school students, one school day per school year to engage in a civic event
- a maximum of one school days per academic year for participation in a 4-H educational program or activity; no credit will be provided for a student whose participation in a 4-H educational program or activity occurs during scheduled Standards of Learning assessments or during any period of time that the student is suspended or expelled from school; the student's principal or assistant principal may request a representative of 4-H to provide documentation of a student's participation in order for the student's absence to be excused
- subject to guidelines established by the Virginia Department of Education, students who are members of a state- or federally-recognized tribal nation that is headquartered in Virginia shall be granted one excused absence per academic year to attend such nation's pow wow gathering provided that the student's parent provides the student's school advance notice of the absence in the manner required by the school
- Religious holidays, college visits, doctor/dentist, court, family crisis, illness, and weather

The superintendent, by regulation, establishes procedures for appropriate interventions when a student engages in a pattern of absences for less than a full day, the explanation of which, if it were a full-day absence, would not be an excused absence.

The superintendent's regulations include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which the student missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless excused by the principal or principal's designee.

High school students may spend some * school days each academic year participating in High School to Work Partnerships established pursuant to guidelines developed by the Board of Education. Students who miss a partial or full day of school while participating in Partnership programs are not counted as absent for the purposes of calculating average daily membership. The superintendent's regulations include procedures by which students may make up work missed while participating in a High School to Work Partnership * to be determined on case by case basis with approval by the building principal.

An attendance officer, or a division superintendent or superintendent's designee when acting as an attendance officer pursuant to Va. Code § 22.1-258, may complete, sign, and file with the intake officer of the juvenile and domestic relations district court, on forms approved by the Supreme Court of Virginia, a petition for a violation of a school attendance order entered by the juvenile and domestic relations district court pursuant to Va. Code § 16.1-278.5 in response to the filing of a petition alleging the pupil is a child in need of supervision as defined in Va. Code § 16.1-228.

Nothing in this policy shall be construed to limit in any way the authority of any attendance officer or the division superintendent to seek immediate compliance with the compulsory school attendance law.

II. Compulsory Attendance Procedures

Whenever a student fails to report to school on a regularly scheduled school day and no information has been received by school personnel that the student's parent is aware of and supports the absence, or the parent provides a reason for the absence that is unacceptable to the school administration, the school principal, principal's designee, attendance officer or other school personnel or volunteer notifies the parent by phone, email or other electronic means to obtain an explanation. School staff records the student's absence for each day as "excused" or "unexcused". Early intervention with the student and parent or parents takes place for repeated unexcused absences.

A. Upon Fifth Absence Without Parental Awareness and Support

If (1) a pupil fails to report to school for a total of five scheduled school days for the school year, and (2) there is no indication that the pupil's parent is aware of and supports the absence; and (3) a reasonable effort to notify the parent has failed, then the principal or principal's designee makes a reasonable effort to ensure that direct contact is made with the parent in person, through telephone conversation, or through the use of other communication devices to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or principal's designee, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Additional Absences Without Parental Awareness and Support

If the pupil is absent for more than one additional day after direct contact with the pupil's parent and school personnel have received no indication that the pupil's parent is aware of and supports the pupil's absence, the school principal or principal's designee shall schedule a conference with the pupil, the pupil's parent and school personnel. Such conference may include the attendance officer and other community service providers to resolve issues related to the pupil's nonattendance. The conference shall be held no later than 10 school days after the tenth absence of the pupil, regardless of whether the student's parent approves of the conference. The conference team shall monitor the pupil's attendance and may meet again as necessary to address concerns and plan additional interventions if attendance does not improve. In circumstances in which the parent is intentionally noncompliant with compulsory attendance requirements or the pupil is resisting parental efforts to comply with compulsory attendance requirements, the principal or principal's designee shall make a referral to the attendance officer. The attendance officer shall schedule a conference with the pupil and pupil's parent within 10 school days and may (i) file a complaint with the juvenile and domestic relations district court alleging the pupil is a child in need of supervision as defined in Va. Code § 16.1-228 or (ii) institute proceedings against the parent pursuant to Va. Code § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance officer shall provide written documentation of the efforts to comply with the provisions of this policy. In the event that both parents have been awarded joint physical custody pursuant to Va. Code § 20-124.2 and the school has received notice of such order, both parents shall be notified at the last known addresses of the parents.

III. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

IV. Attendance Reporting

Student attendance is monitored and reported as required by state law and regulations. At the end of each school year, each public school principal reports to the superintendent the number of pupils by grade level for

whom a conference was scheduled pursuant to Part II (B) above. The superintendent compiles this information and provides it annually to the Superintendent of Public Instruction.

V. Dismissal Precautions

Principals do not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students are released only on request and authorization of parent or guardian. The superintendent establishes procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal check-out system is maintained in each school. (Policy JED Adopted: July 1, 2022)

STUDENT-ATHLETE CONCUSSIONS DURING EXTRACURRICULAR ACTIVITIES

Generally

In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian must review, on an annual basis, information on concussions provided by the school division. After having reviewed materials describing the short- and long-term health effects of concussions, each student-athlete and the student-athlete's parent or guardian must sign a statement acknowledging receipt of such information, in a manner approved by the Board of Education.

Return to Play Protocol

A student-athlete suspected by that student-athlete's coach, athletic trainer, or team physician of sustaining a concussion or brain injury in a practice or game is removed from the activity at that time. A student-athlete who has been removed from play, evaluated, and suspected to have a concussion or brain injury does not return to play that day or until the student-athlete is

evaluated by an appropriate licensed health care provider as determined by the Board of Education

and

in receipt of written clearance to return to play from such licensed health care provider.

The licensed health care provider evaluating student-athletes suspected of having a concussion or brain injury may be a volunteer.

Return to Learn Protocol

School personnel are alert to cognitive and academic issues that may be experienced by a student who has suffered a concussion or other head injury, including

difficulty with concentration, organization, and long-term and short-term memory;

sensitivity to bright lights and sounds; and

short-term problems with speech and language, reasoning, planning, and problem solving.

School personnel accommodate the gradual return to full participation in academic activities of a student who has suffered a concussion or other head injury as appropriate, based on the recommendation of the student's licensed health care provider as to the appropriate amount of time that such student needs to be away from the classroom. Procedures

The superintendent is responsible for developing, and biennially updating, procedures regarding the identification and handling of suspected concussions in student-athletes.

Athletic Activities Conducted by Non-School Organizations on School Property

The school division may provide this policy to organizations sponsoring athletic activity for student-athletes on school property. The school division does not enforce compliance with the policy by such organizations.

(Policy JJAC Adopted: July 1, 2022)

STUDENT CONDUCT

Generally

The Alleghany Highlands School Board establishes expectations for student conduct so that public education is conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights.

In addition to the types of conduct prohibited below, the superintendent issues Standards of Student Conduct and a list of possible actions for violations of those Standards.

This Policy and the Standards of Student Conduct apply to all Alleghany Highlands Public Schools school students. They are enforced when the student's conduct occurs when the student is

- On school property.
- Traveling to school or from school.

- Traveling to, at, and from bus stops.
- In School Board vehicles.
- In attendance at any school-sponsored activity.
- Off school property if the conduct disrupts the learning environment.

The School Board and superintendent biennially review the model student conduct code developed by the Virginia Board of Education to incorporate into policy and the Standards of Student Conduct a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

Parental Involvement and Responsibility

Each parent of a student enrolled in Alleghany Highlands schools has a duty to assist in enforcing this policy, the Standards of Student Conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights. This policy, the Standards of Student Conduct, a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of this policy, the Standards of Student Conduct, the requirements of Va. Code § 22.1-279.3 and the compulsory school attendance law is also sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review this policy, the Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law and to discuss improvement of the child's behavior, school attendance and educational progress.

The school principal or principal's designee notifies the parents of any student who violates a School Board policy, the Standards of Student Conduct, or the compulsory school attendance requirements when such violation is likely to result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice states (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with the juvenile and domestic relations district court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education as described in Policy CLA Reporting Acts of Violence and Substance Abuse.

If a parent fails to comply with the requirements of this Policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

A parent, guardian or other person having control or charge of a student is notified in writing of any disciplinary action taken with regard to any incident upon which an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1- 260.G was based and the reasons therefor. The parent or guardian is also notified of the parent or guardian's right to review, and to request an amendment of, the student's scholastic record, in accordance with regulations of the Board of Education governing the management of scholastic records.

Prevention, Intervention, and Treatment Activities and Programs

Any student involved in a reportable drug or violent incident, as described in Policy CLA Reporting Acts of Violence and Substance Abuse, participates in prevention and intervention activities deemed appropriate by the superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

Dissemination and Maintenance of Records About Court Proceedings

Adjudications

The superintendent shall disseminate the notice or information regarding an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1-260.G. contained in a notice received pursuant to Va. Code § 16.1-305.1 to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who (1) provide direct educational and support services to the student and (2) have a legitimate educational interest in such information.

A parent, guardian, or other person having control or charge of a student, and, with consent of a parent or in compliance with a court order, the court in which the disposition was rendered, shall be notified in writing of any disciplinary action taken with regard to any incident upon which the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to request an amendment of, the student's scholastic record.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 received by a superintendent, and information contained in the notice, which is not a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260, the notice shall become a part of the student's disciplinary record.

Any notice of disposition received pursuant to Va. Code § 16.1-305.1 shall not be retained after the student has been awarded a diploma or a certificate as provided in Va. Code § 22.1-253.13:4.

Petitions and Reports

The superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to Va. Code § 16.1-260 or report received pursuant to Va. Code § 66-25.2:1 except as follows:

- If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department which sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.
- Prior to receipt of the notice of disposition in accordance with Va. Code § 16.1-305.1 the superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel within the division. The principal may further disseminate the information regarding a petition, after the student has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety or the appropriate educational placement or other educational services.
- If the superintendent believes that disclosure of information regarding a report received pursuant to Va. Code § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel, he may disclose the information to the principal of the school in which the student is enrolled. The principal may further

disseminate the information regarding such report only to school personnel as necessary to protect the student, the subject or subjects of the danger, other students, or school personnel.
Protective Orders and Orders Prohibiting Contact with a Child

Any school principal who receives notice that a circuit court, general district court, juvenile and domestic relations district court, or magistrate has issued a protective order for the protection of any child who is enrolled at the school, or any other order prohibiting contact with such a child, notifies licensed instructional personnel and other school personnel who (i) provide direct educational or support services to the protected child or the child subject to the order, (ii) have a legitimate educational interest in such information, and (iii) are responsible for the direct supervision of the protected child or the child subject to the order that such order has been issued.

Annual Notification

The school division annually notifies parents and eligible students of their rights under the Family Educational Rights and Privacy Act (FERPA) including

- the right to inspect and review the student's education records and the procedure for exercising this right;
- the right to request amendment of the student's education records that the parent believes to be inaccurate, misleading or in violation of the student's privacy rights and the procedure for exercising this right;

- the type of information designated as directory information and the right to opt out of release of directory information;

- the right to opt out of the release of the student's name, address, and phone number to military recruiters or institutions of higher education that request such information;
- a specification of the criteria for determining who constitutes a school official and what constitutes a legitimate educational interest; and
- the right to file complaints with the Family Policy Compliance Office in the United States Department of Education concerning the school division's alleged failure to comply with FERPA.

Procedure to Inspect Education Records

Parents of students or eligible students may inspect and review the student's education records within a reasonable period of time, which shall not exceed 45 days, and before any meeting regarding an IEP or hearing involving a student with a disability. Further, parents have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

Copies of Education Records

The Allegheny Highlands Public Schools will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student from exercising the right to inspect and review the records.

Fees for Copies of Records

The fee for copies will be 25 cents per page. The actual cost of copying time and postage will be charged. The Alleghany Highlands Public Schools does not charge for search and retrieval of the records. The Alleghany Highlands Public Schools does not charge a fee for copying an Individualized Education Plan (IEP) or for a copy of the verbatim record of a hearing conducted in accordance with the State Board of Education's Regulations Governing Special Education Programs for Children with Disabilities in Virginia.

Disclosure of Education Records

The Allegheny Highlands Public Schools discloses education records or personally identifiable information contained therein only with the written consent of the parent or eligible student except as authorized by law. Exceptions which permit the school division to disclose education record information without consent include the following.

1. To school officials who have a legitimate educational interest in the records.
A school official is:
 - a person employed by the School Board
 - a person appointed or elected to the School Board
 - a person employed by or under contract to the School Board to perform a special task, such as an attorney, auditor, medical consultant, or therapist
 - a contractor, consultant, volunteer, or other party to whom the school division has outsourced services or functions for which the school division would otherwise use employees and who is under the direct control of the school division with respect to the use and maintenance of education records
A school official has a legitimate educational interest if the official is:
 - performing a task that is specified in his or her position description or by a contract agreement
 - performing a task related to a student's education
 - performing a task related to the discipline of a student
 - providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid
2. To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll or where the student is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.
3. To certain officials of the U.S. Department of Education, the United States Attorney General, the Comptroller General, and state educational authorities, in connection with certain state or federally supported education programs and in accordance with applicable federal regulations.
4. In connection with a student's request for or receipt of financial aid as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.
5. For the purpose of furthering the ability of the juvenile justice system to effectively serve the pupil prior to adjudication. The principal or his designee may disclose identifying information from a pupil's scholastic record to state or local law-enforcement or correctional personnel, including a law-enforcement officer, probation officer, parole officer or administrator, or a member of a parole board, seeking information in the course of his duties; an officer or employee of a county or city agency responsible for protective services to children, as to a pupil referred to that agency as a minor requiring investigation or supervision by that agency; attorneys for the Commonwealth, court services units, juvenile detention centers or group homes, mental and medical health agencies, state and local children and family service agencies, and the Department of Juvenile Justice and to the staff of such agencies. Prior to disclosure of any such scholastic records, the persons to whom the records are to be disclosed shall certify in writing to the principal or his designee that the information will not be disclosed to any other party, except as provided under state law, without the prior written consent of the parent of the pupil or by such pupil if the pupil is eighteen years of age or older.
6. To organizations conducting studies for, or on behalf of, educational agencies or institutions to develop, validate or administer predictive tests; administer student aid programs; or improve instruction. The studies must be conducted in a manner that does not permit personal

identification of parents and students by individuals other than representatives of the organization that have legitimate interests in the information. The information must be destroyed when it is no longer needed for the purposes for which the study was conducted. The School Board must enter into a written agreement with the organization conducting the study which

- specifies the purpose, scope, and duration of the study or studies and the information to be disclosed;
 - requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study stated in the written agreement;
 - requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and
 - requires the organization to destroy all personally identifiable information when the information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed.
7. To accrediting organizations to carry out their functions.
 8. To parents of an eligible student who claim the student as a dependent for income tax purposes.
 9. To the entities or persons designated in judicial orders or subpoenas as specified in FERPA.
 10. To appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. If the school division releases information in connection with an emergency, it will record the following information:
 - the articulable and significant threat to the health or safety of a student or other individuals that formed the basis for the disclosure; and
 - the parties to whom the division disclosed the information.
 11. To an agency caseworker or other representative of a state or local child welfare agency or tribal organization who has the right to access a student's case plan when such agency or organization is legally responsible for the care and protection of the student.
 12. Directory information so designated by the school division.
 13. When the disclosure concerns sex offenders and other individuals required to register under section 170101 of the Violent Crime Control and Law Enforcement Act of 1994, 42 U.S.C. § 14071, and the information was provided to the division under 42 U.S.C. § 14071 and applicable federal guidelines.

The school division discloses or makes available to a guardian ad litem, on request, any information, records, or reports concerning a student for whom a petition for guardianship or conservatorship has been filed that the guardian ad litem determines are necessary to perform his duties under Va. Code § 64.2-2003.

The school division will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other parties to whom it discloses personally identifiable information from education records.

Unauthorized Disclosure of Electronic Records

In cases in which electronic records containing personally identifiable information are reasonably believed to have been disclosed in violation federal or state law applicable to such information, the school division shall notify, as soon as practicable, the parent of any student affected by such disclosure, except as otherwise provided in Va. Code §§ 32.1-127.1:05 or 18.2-186.6. Such notification shall include the (i) date, estimated date, or date range of the disclosure; (ii) type of information that was or is reasonably believed to have been disclosed; and (iii) remedial measures taken or planned in response to the disclosure.

Disclosure to Federal Agencies

Notwithstanding any other provision of law or policy, no member or employee of the Alleghany Highlands School Board will transmit personally identifiable information, as that term is defined in FERPA and related regulations, from a student's record to a federal government agency or an authorized representative of such agency except as required by federal law or regulation.

Disclosure of Information Relating to Home Instructed Students

Neither the superintendent nor the School Board shall disclose to the Department of Education or any other person or entity outside of the local school division information that is provided by a parent or student to satisfy the

requirements of Policy LBD Home Instruction or subdivision B 1 of Va. Code § 22.1-254. However, the superintendent or School Board may disclose, with the written consent of a student's parent, such information to the extent provided by the parent's consent. Nothing in this policy prohibits the superintendent from notifying the Superintendent of Public Instruction of the number of students in the school division receiving home instruction.

Audit or Evaluation of Education Programs

Authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the federal Secretary of Education, and state and local educational authorities may have access to education records in connection with an audit or evaluation of federal- or state- supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs.

Any authorized representative other than an employee must be designated by a written agreement which

- designates the individual or entity as an authorized representative;
- specifies the personally identifiable information to be disclosed, specifies that the purposes for which the personally identifiable information is disclosed to the authorized representative is to carry out an audit or evaluation of federal- or state-supported education programs, or to enforce or comply with federal legal requirements that relate to those programs; and specifies a description of the activity with sufficient specificity to make clear that the work falls within the exception of 34 CFR § 99.31(a)(3) including a description of how the personally identifiable information will be used;
- requires the authorized representative to destroy personally identifiable information when the information is no longer needed for the purpose specified;
- specifies the time period in which the information must be destroyed; and
- establishes policies and procedures, consistent with FERPA and other federal and state confidentiality and privacy provisions, to protect personally identifiable information from further disclosure and unauthorized use, including limiting use of personally identifiable information to only authorized representatives with legitimate interests in the audit or evaluation of a federal- or state-supported education program or for compliance or enforcement of federal legal requirements related to such programs.

Military Recruiters and Institutions of Higher Learning

The Alleghany Highlands Public Schools provides, on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings unless a parent or eligible student has submitted a written request that the student's name, address and telephone listing not be released without the prior written consent of the parent or eligible student. The school division notifies parents of the option to make a request and complies with any request.

The school division provides military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

Record of Disclosure

The Alleghany Highlands Public Schools maintains a record, kept with the education records of each student, indicating all individuals (except school officials who have a legitimate educational interest in the records), agencies or organizations which request or obtain access to a student's education records. The record will indicate specifically the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his assistants who are responsible for the custody of such records and to persons or organizations which audit the operation of the system.

The requirements related to records of disclosure stated above do not apply to disclosures made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

Personal information will only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party permits access to information, or fails to destroy information, the division will not permit access to information from education records to that third party for a period of at least five years.

Directory Information

The Alleghany Highlands School Board notifies parents and eligible students at the beginning of each school year what information, if any, it has designated as directory information, the right to refuse to let the division designate any or all of such information as directory information, and the period of time to notify the division, in writing, that he or she does not want any or all of those types of information designated as directory information. The notice may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the School Board specifies that disclosure of directory information will be so limited, the disclosures of directory information will be limited to those specified in the public notice.

No school discloses the address, telephone number, or email address of a student pursuant to the Virginia Freedom of Information Act unless the parent or eligible student affirmatively consents in writing to such disclosure. Except as required by state or federal law, no school discloses the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11) unless (a) the disclosure is to students enrolled in the school or to school board employees for educational purposes or school business and the parent or eligible student has not opted out of such disclosure in accordance with Virginia law and this policy or (b) the parent or eligible student has affirmatively consented in writing to such disclosure.

Parents and eligible students may not use the right to opt out of directory information disclosures to 1) prevent disclosure of the student's name, identifier or institutional email address in a class in which the student is enrolled; or 2) prevent an educational agency or institution from requiring the student to wear, to display publicly or to disclose a student ID card or badge that exhibits information designated as directory information and that has been properly designated as directory information.

The procedures for the amendment of records that a parent or eligible student believes to be inaccurate are as follows.

1. Parents or the eligible student must request in writing that the Allegheny Highlands Public Schools amend a record. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights.
2. Allegheny Highlands Public Schools shall decide whether to amend the record in accordance with the request within a reasonable period of time. If it decides not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.
3. Upon request, Allegheny Highlands Public Schools shall arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place and time of the hearing. The hearing shall be held within a reasonable period of time after the request.
4. The parent or eligible student may, at his or her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.
5. The hearing shall be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the school division. The parents or eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records in accordance with FERPA.
6. Allegheny Highlands Public Schools shall prepare a written decision which will include a summary of the evidence presented and the reasons for the decision within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing.
7. If Allegheny Highlands Public Schools decides that the information is inaccurate, misleading or in violation of the student's right of privacy, it shall amend (including expungement) the record and notify the parents or eligible student, in writing, that the record has been amended.
8. If Allegheny Highlands Public Schools decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the

decision. The statement will be maintained as part of the student's education records as long as the contested portion is maintained and disclosed whenever the school division discloses the portion of the record to which the statement relates.

Confidentiality of HIV and Drug and Alcohol Treatment Records

The Alleghany Highlands Public Schools complies with the confidentiality requirements of Va. Code § 32.1-36.1 providing for the confidentiality of records related to any test for Human Immunodeficiency Virus (HIV). In addition, the school division maintains confidentiality of drug and alcohol treatment records as required by federal and state law. (Policy JO Adopted: July 1, 2022)

STUDENT SEARCH AND SEIZURE

A search involves an invasion of privacy. Whether a search of a student is permissible depends on a balancing of the student's right to privacy and freedom from unreasonable search and seizure against the school division's responsibility to protect the health, safety and welfare of all persons in the school community and to carry out its educational mission. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school authorities may search a student, student belongings, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school or any item described as unauthorized in school rules available beforehand to the student.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property. Searches may be conducted wherever the student is involved in a school-sponsored function.

PERSONAL SEARCHES

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school official whenever the official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation.

All individual searches of students must be based on reasonable suspicion. In order to be permissible, the search must be:

- justified at its inception and
- reasonably related in scope to the circumstances justifying the search.

An individual search is justified at its inception when a school official has reasonable grounds, based on the totality of the known circumstances, for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonable in scope when it is reasonably related to the objectives of the search and is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

A personal search may include requiring a student to be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion that evidence will be found to corroborate suspicion that a law or school rule has been broken. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness of the same sex present.

Strip searches involve an extreme intrusion into the rights of a student and may only be conducted when an extremely serious situation exists requiring immediate action because of an imminent threat of death or great bodily injury to a person or persons. If a strip search is necessary the school official should contact the appropriate law enforcement official, and the search should be conducted by a sworn law enforcement officer of the same sex, in the presence of a same sex adult witness. School officials may only conduct a strip search in cases where it is necessary to avoid the imminent threat of death or great bodily injury to the student or another person. If a strip search must be conducted by a school official, it must be by a same sex official with a same sex adult witness, and the school official must have the prior approval of the superintendent or superintendent's designee, unless the health or safety of the student is endangered by the delay.

LOCKER AND DESK SEARCHES

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and are responsible for the content of their assigned locker at all times. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

AUTOMOBILE SEARCHES

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent and without a search warrant.

COMPUTER SEARCHES

The school computer system, as defined in Policy GAB/IIBEA Acceptable Computer System Use, is school property. Students are only authorized to use the school's computer system and other similar educational technology consistent with the educational mission of the school and in accordance with Policy GAB/IIBEA Acceptable Computer System Use. School officials may search school computers, software and internet access records at any time for any reason and without student consent.

CONSENT SEARCHES

If a student gives a school official consent for a search the school official does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their right to refuse to be searched, and students must not perceive themselves to be at risk of punishment for refusing to grant permission for the search.

SEIZURE OF ILLEGAL MATERIALS

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

(Policy JFG Adopted: July 1, 2022)

In Sections III, IV, VI, and VIII of this Policy, "superintendent's designee" means a 1) trained hearing officer or 2) professional employee in the administrative offices of the school division who reports directly to the superintendent and who is not a school-based instructional or administrative employee.

III. SUSPENSIONS AND EXPULSIONS OF STUDENTS GENERALLY

Pupils may be suspended or expelled from attendance at school for sufficient cause; however, in no case may sufficient cause for suspension include only instances of truancy.

Except as provided in subsection C of Va. Code § 22.1-277 or Va. Code §§ 22.1- 277.07 or 22.1-277.08, no student in preschool through grade three is suspended for more than three school days or expelled from attendance at

school, unless (i) the offense involves physical harm or credible threat of physical harm to others or (ii) the School Board or the superintendent or superintendent's designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

Any student for whom the superintendent has received a report pursuant to Va. Code § 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of Va. Code § 16.1-260 may be suspended or expelled from school attendance.

The authority of teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of this Policy.

The superintendent is responsible for creating procedures to ensure that suspended students are able to access and complete graded work during and after the suspension.

IV. SHORT-TERM SUSPENSIONS

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts and opportunity to present his version shall be given as soon as is practical thereafter.

Upon suspension of any pupil, the principal, assistant principal or teacher responsible for such suspension reports the facts of the case in writing to the superintendent or superintendent's designee and the parent of the pupil suspended. The superintendent or superintendent's designee reviews forthwith the action taken by the principal, assistant principal or teacher upon a petition for such review by any party in interest and confirms or disapproves such action based on an examination of the record of the pupil's behavior.

The decision of the superintendent or superintendent's designee is final and may not be appealed.

Any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days includes notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program or alternative education program or educational option, which is not a part of the educational program offered by the school division, are borne by the parent of the student.

V. LONG-TERM SUSPENSION

A pupil may be suspended from attendance at school for 11 to 45 school days after written notice is provided to the pupil and the pupil's parent of the proposed action and the reasons therefore and of the right to a hearing before the superintendent or superintendent's designee. The decision of the superintendent or superintendent's designee may be appealed to the full School Board. Such appeal shall be decided by the School Board within thirty days.

The written notice of a suspension for 11 to 45 school days includes notification of the length of the suspension and provides information concerning the availability of community-based educational, alternative education or intervention programs. Such notice also states that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the School Board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension is borne by the parent of the student.

A long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if (i) the offense is one described in Va. Code §§ 22.1-277.07 or 22.1-277.08 or involves serious bodily injury or (ii) the School Board or division superintendent or superintendent's designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

Nothing herein shall be construed to prohibit the School Board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the School Board for the term of such suspension.

V. EXPULSION

A. Generally

Pupils may be expelled from attendance at school after written notice to the pupil and the pupil's parent of the proposed action and the reasons therefor and of the right to a hearing before the School Board. The School Board confirms or disapproves of the proposed expulsion regardless of whether the pupil has exercised the right to a hearing.

The written notice given to the pupil and the pupil's parent includes notification of the length of the expulsion and provides information to the parent of the student concerning the availability of community-based educational, training and intervention programs. The notice also states whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the School Board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during the expulsion is borne by the parent of the student.

Nothing in this section shall be construed to prohibit the School Board from permitting or requiring students expelled pursuant to this Policy to attend an alternative education program provided by the School Board for the term of such expulsion.

If the School Board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice also advises the parent of such student that the student may petition the School Board for readmission to be effective one calendar year from the date of the expulsion, and of the conditions, if any, under which readmission may be granted.

Such students may apply and reapply for readmission to school in accordance with the following schedule:

1. A preliminary hearing will be conducted by the Superintendent or designee in advance of the school board meeting.
2. The school board will meet to conduct a reinstatement hearing no earlier than one calendar year from the date of expulsion unless otherwise directed by the school board.

B. Conduct Giving Rise to Expulsion

Recommendations for expulsions for actions other than those specified below are based on consideration of the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;
- the student's disciplinary history, including the seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student's age and grade level;
- the results of any mental health, substance abuse or special education assessments;
- the student's attendance and academic records; and
- other appropriate matters.

No decision to expel a student shall be reversed on the grounds that such factors were not considered. Nothing in this subsection precludes the School Board from considering any of the factors listed above as "special circumstances" for purposes of expulsions discussed in the following subsections.

Firearms, Destructive Devices and Pneumatic Guns

The School Board shall expel from school attendance for a period of not less than one year any student whom the School Board has determined to have possessed a firearm on school property or at a school-sponsored activity as prohibited by Va. Code § 18.2-308.1, or to have possessed a firearm or destructive device as defined in this policy, a firearm muffler or firearm silencer or a pneumatic gun as defined in this policy on school property or at a school-sponsored activity. A school administrator or the School Board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. The School Board may promulgate guidelines for determining what constitutes special circumstances. In addition, the School Board authorizes the superintendent or superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate.¹ Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

The exemptions set out in Va. Code § 18.2-308 regarding concealed weapons apply, mutatis mutandis, to the provisions of this Policy. The provisions of this section do not apply to students who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted to use school premises.

Drug Offenses

The School Board shall expel from school attendance any student whom the School Board has determined to have brought a controlled substance or imitation controlled substance as those terms are defined in Va. Code § 18.2-247 onto school property or to a school-sponsored activity. The School Board may, however, determine, based on the facts of the particular case that special circumstances exist and another disciplinary action is appropriate. In addition, the School Board authorizes the superintendent or the superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

B. Procedure for School Board Hearing

The procedure for the School Board hearing is as follows:

- The School Board determines the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing is private unless otherwise specified by the School Board.
- The School Board may ask for opening statements from the principal or principal's representative and the student or student's parent(s) (or their representative) and, at the discretion of the School Board, may allow closing statements.

The parties then present their evidence. Because the principal has the ultimate burden of proof, he presents his evidence first. Witnesses may be questioned by the School Board members and by the parties (or their representative). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination provided, however, that the School Board may take the testimony of student witnesses outside the presence of the student, the student's parent(s) and their representative if the School Board determines, in its discretion, that such action is necessary to protect the student witness.

The parties shall produce such additional evidence as the School Board may deem necessary. The School Board is the judge of the relevancy and materiality of the evidence.

Exhibits offered by the parties may be received in evidence by the School Board and, when so received, are marked and made part of the record.

The School Board may, by majority vote, uphold, reject or alter the recommendations.

The School Board transmits its decision, including the reasons therefor, to the student, the student's parent(s), the principal and superintendent.

VI. ALTERNATIVE EDUCATION PROGRAM

The School Board may require any student who has been

charged with an offense relating to the laws of Virginia, or with a violation of School Board policies, on weapons, alcohol, or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G;

found guilty or not innocent of an offense relating to Virginia's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G;

found to have committed a serious offense or repeated offenses in violation of School Board policies;

suspended pursuant to Va. Code § 22.1-277.05; or

expelled pursuant to Va. Code § 22.1-277.06, 22.1-277.07, or 22.1-277.08 or subsection C of Va. Code § 22.1-277, to attend an alternative education program.

The School Board may require such student to attend such programs regardless of where the conduct occurred.

The School Board may require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of School Board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

The School Board authorizes the superintendent or superintendent's designee to require students to attend an alternative education program consistent with the provisions of the previous paragraph after (i) written notice to the student and the student's parent that the student will be required to attend an alternative education program and (ii) notice of the opportunity for the student or the student's parent to participate in a hearing to be conducted by the superintendent or the superintendent's designee regarding such placement. If the student or parent wants to participate in a hearing regarding the placement, the student or parent must notify the superintendent or superintendent's designee within 5 days of receiving the written notice of the student's assignment to the alternative education program. The decision of the superintendent or superintendent's designee regarding such alternative education placement is final unless altered by the Board upon written petition by the student or student's parent for a review of the record by the School Board. Such petition must be received by the superintendent or superintendent's designee within 5 days after receiving written notice of the decision after the hearing.

A principal or principal's designee may impose a short-term suspension, pursuant to Va. Code § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in Va. Code § 16.1-260.G, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

As used in this section, "charged" means that a petition or warrant has been filed or is pending against a pupil.

VII. REPORTING

A. Except as may otherwise be required by federal law, regulation or jurisprudence, reports are made to the superintendent and to the principal or principal's designee on all incidents involving

(1) the assault, or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity;

(2) the assault and battery which results in a bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, abduction of any person as described in Va. Code § 18.2-47 or Va. Code § 18.2-48, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity;

(3) any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance, or an anabolic steroid on a school bus, on school property or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;

- (4) any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;
- (5) the illegal carrying of a firearm as defined in Va. Code § 22.1-277.07 onto school property;
- (6) any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Va. Code § 18.2-85 or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1, or chemical bombs, as described in Va. Code § 18.2-87.1, on a school bus, on school property or at a school-sponsored activity;
- (7) any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses;
- (8) the arrest of any student for an incident occurring on a school bus, on school property or at a school sponsored activity, including the charge therefor; and
- (9) any illegal possession of weapons, alcohol, drugs or tobacco products.

B. The superintendent and the principal or principal's designee receive reports made by local law enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act, Va. Code § 54.1-3400 et seq., and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in the clauses (1) through (8) of subsection VII.A. of this policy, and whether the student is released to the custody of the student's parent or, if 18 years of age or more, is released on bond. A superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code § 16.1-260 reports such information to the principal of the school in which the juvenile is enrolled.

C. The principal or principal's designee submits a report of all incidents required to be reported pursuant to subsection VII.A.(1-8) of this policy to the superintendent. The superintendent annually reports all such incidents to the Department of Education.

In submitting reports of such incidents, principals and superintendents accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection VII.B. of this policy.

D. The principal or principal's designee also notifies the parent of any student involved in an incident required by this subsection to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice relates to only the relevant student's involvement and does not include information concerning other students.

E. Whenever any student commits any reportable incident as set forth in this subsection, such student is required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent's designee.

F. Except as may otherwise be required by federal law, regulation or jurisprudence, a principal immediately reports to the local law-enforcement agency any act enumerated in clauses (2) through (7) of subsection VII.A. of this policy that may constitute a felony offense and may report to the local law enforcement agency any incident described in clause (1) of subsection VII.A. of this policy.

In addition, except as may be prohibited by federal law, regulation or jurisprudence, the principal also immediately reports any act enumerated in clauses (2) through (5) of subsection VII.A of this policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal reports whether the incident has been reported to local law enforcement pursuant to this subsection and if the incident is so reported, that the parents may contact local law enforcement for further information, if they so desire.

G. For purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

VIII. RE-ADMISSION OF SUSPENDED AND/OR EXPELLED STUDENTS

Any student who has been suspended from a school of this division is not eligible to attend any other school within the division until eligible to return to the student's regular school.

Any student who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance in the Allegheny Highlands Public Schools, in accordance with Policy JEC School Admission. In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the School Board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The School Board shall not impose additional conditions for readmission to school.

No suspended student is admitted to the regular school program until such student and the student's parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or principal's designee determines that re-admission, without parent conference, is appropriate for the student.

If the parent fails to comply with this policy or Policy JEC School Admission, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the School Board or superintendent or superintendent's designee, as the case may be at the relevant hearing, the student may re-petition the School Board for admission. If the petition for admission is rejected, the School

Board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the School Board for admission.

The School Board may permit students excluded pursuant to this section to attend an alternative education program provided by the School Board for the term of such exclusion.

VIII. DISCIPLINING STUDENTS WITH DISABILITIES

Students with disabilities are disciplined in accordance with Policy JGDA Disciplining Students with Disabilities.

(Policy JGD/JGE Adopted: June 12, 2023)

STUDENT TRANSCRIPTS

Generally

Secondary school transcripts contain information as specified by the Virginia Board of Education.

Test Record

The superintendent is responsible for establishing a procedure by which parents, guardians or others with legal control of a student can elect in writing to have the student's test record excluded from the student transcript. The test record includes at least the highest score earned, if applicable, on college performance-related standardized tests such as SAT and ACT, excluding Standards of Learning (SOL) test scores.

High School Credit-Bearing Courses Taken in Middle School

For any high school credit-bearing course taken in middle school, parents may request that grades be omitted from the student's transcript and the student not earn high school credit for the course. The superintendent specifies, by regulation, the deadline and procedure for making such a request. Notice of this provision is provided to parents.

(Policy JOA Adopted: July 1, 2022)

STUDENT WELLNESS

Goals

Based on review and consideration of evidence-based strategies and techniques, the ACPS/AHPS School Board establishes the following goals to promote student wellness.

Nutrition Promotion and Education

The school meals programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices, while accommodating cultural food preferences and special dietary needs. The Division will teach, model, encourage and support healthy eating by all students. Schools will provide nutrition education and engage in nutrition promotion.

Physical Activity

The Division physical education program will promote student physical fitness through individualized fitness and activity assessments.

Other School-Based Activities

The Division is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. The Division strives to teach students how to make informed choices about nutrition, health and physical activity.

Nutrition Standards and Guidelines

The School Board incorporates and adopts the nutrition standards in 8 VAC 20-740-10 through 8 VAC 20-740-40.

The Superintendent is responsible for creating

A. Regulations to develop and implement standards for all foods and beverages provided, but not sold, to students on the school campus during the school day; and

B. Standards and nutrition guidelines for all foods and beverages sold to students on the school campus during the school day that promote student health and reduce childhood obesity and are consistent with the applicable standards and requirements in 7 C.F.R §§ 210.10, 210.11 and 220.8.

Marketing on the school campus during the school day is permitted only for those foods and beverages that meet the nutrition standards established in the USDA's Nutrition Standards for All Foods Sold in School (Smart Snacks) rule.

Implementation

The School Board encourages parents, students, representatives of the school food authority, teachers of physical education, school health professionals, administrators and the general public to participate in the development, implementation and periodic review and update of this policy by: The Division will convene a representative School Health Advisory Board (hereto referred to as SHAB) that meets at least two times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this Division-level wellness policy (hereto referred to as "wellness policy"). The Superintendent or designee(s) will convene the SHAB and facilitate development of and updates to the wellness policy,

and will ensure each school's compliance with the policy. The Public is informed about the content of this policy and implementation.

The leadership staff for health and wellness as identified by Director of Child Nutrition is responsible for implementing and enforcing this policy.
